Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Dr. Steven Jones, Vice President of Administrative and Student Services, Stauffer-Wood Administration Building, Suite 119, Office 123, P. O. Box 668, Moorhead, MS 38761, 662-246-6304; EEOC@msdelta.edu.

Purchasing Law:

Section 31-7-55:

It is hereby declared to be unlawful and a violation of public policy of the State of Mississippi for any elected or appointed public officer of the state or the executive head of a state board, commission, department, subdivision of the state government or governing authority to make any purchases without the full compliance with the provisions of Chapter 7, Title 31, Mississippi Code of 1972.

Any elected or appointed public officer of the state or the executive head of a state board, commission, department, subdivision of the state government or governing authority who violates the provisions of Chapter 7, Title 31, Mississippi Code of 1972 shall be deemed guilty of a misdemeanor and, upon conviction therefore, shall be fined not less than One Hundred Dollars (\$ 100.00) and not more than Five Hundred Dollars (\$ 500.00) for each separate offense, or sentenced to the county jail for not more than six (6) months, or both such fine and imprisonment, and shall be removed from his office or position.

Section 31-7-305

All public bodies that are authorized to issue checks in payment of goods and services shall mail or otherwise deliver such checks no later than forty-five (45) days after receipt of the invoice and receipt, inspection and approval of the goods or services; however, in the event of a bona fide dispute, the public body shall pay only the amount not disputed.

Purchasing Law Updates:

Effective July 1, 2013, MS Code Section 31-7-13, as amended:

Purchases – To \$5,000

Approved purchases of not more than \$5,000, exclusive of freight and shipping, do not require advertising or competitive bids. *However, a valid quote will protect MDCC in the event of a price increase between ordering and invoicing.*

Purchases - \$5,000.01 - \$75,000

Purchases of \$5,000.01, but not more than \$75,000, exclusive of freight and shipping, are made from the lowest or best of at least two signed, competitive quotes. Only the vendor should sign the quote. Quotes otherwise written on are void.

ARRA projects require advertised bids to start at \$25,000.01. Publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice.

The term "competitive written bid" shall mean a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor.

"Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids.

Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria.

Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution.

Purchases - \$75,000.01 or greater

- **Construction**

Purchases of construction that cost \$75,000.01 or more are made from the lowest or best bid after the College has advertised for competitive sealed bids once each week for two (2) consecutive weeks in the local county newspaper.

Reverse auctions shall be the primary method for receiving bids during the bidding process. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges.

The bids will not be accepted and opened less than fifteen (15) working days after the last published notice.

- **Commodities or Equipment**

Purchases of commodities or equipment that cost \$75,000.01 or more are made from the lowest or best bid after the College has advertised for competitive proposals once each week for two (2) consecutive weeks in the local county newspaper. The electronic proposals are to be submitted via an electronic means no less than seven (7) days. The College currently uses Central Bidding. Once the proposals are evaluated, the ones meeting specs will be approved to participate in the electronic reverse bid. This date and time will be set by the Office of Business Services and will be determined by the type of bid.

If no bids are received, then the item(s) will have to be REBID.

- **Lowest and best bid**

Purchases may be made from the lowest and the best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. If any governing authority accepts a bid other than the lowest bid actually submitted, it should place on its minutes detailed calculations **and narrative summary** showing the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency shall accept a bid based on items not included in the specifications.

Emergency purchases & repairs

Purchases which qualify as emergency purchases are exempt from the competitive bidding process; however, at the next board meeting following the emergency purchase or repair, documentation of the purchase including a description of the commodity purchased, the price thereof, and the nature of the emergency shall be presented to the Board and shall be placed on the minutes of the Board of such Governing Authority.

The term “emergency” shall mean any circumstances; caused by fire, flood, explosion, storm, earthquake, epidemic, riot, insurrection or caused by any inherent defect due to defective construction, or when the immediate preservation of order or of public health is necessary by reason of unforeseen emergency, or when the immediate restoration of a condition of usefulness of any public building, equipment, road, or bridge appears advisable, or in the case of a public utility when there is a failure of any machine or other thing used and useful in the generation, production or distribution of electricity, water or natural gas, or in the transportation or treatment of sewage; or when the delay incident to obtaining competitive bids could cause adverse impact upon the governing authorities or agency, its employees or its citizens; or in the case of a public airport, when the delay incident to publishing an advertisement for competitive bids would endanger public safety in a specific (not general) manner, result in or perpetuate a specific breach of airport security, or prevent the airport from providing specific air transportation services.

Single Source Purchases

Noncompetitive items available from only one (1) source are allowable purchases if the following conditions are met: a certification of the conditions and circumstances requiring the purchase is submitted with the requisition; a written document on company letterhead states the item is only available from this one (1) source; the document is signed by the Company representative; and the single source letter is approved by the Board.

Mississippi Delta Community College Purchasing Policy

The College President is accountable to the MDCC Board of Trustees for the College purchasing system. The President has delegated the Vice President of Business Services/**Dean of Business Services** as the Purchasing Agent for the College. The Vice President of Business Services/**Dean of Business Services** has delegated partial purchasing duties to the Assistant Purchasing Agent.

Mississippi Delta Community College follows Purchasing Guidelines and Procedures as set forth in the Mississippi Code, Laws of 1972, Annotated, Chapter 7, Section 31.

Purchases made without an approved purchase order are personal purchases that are the responsibility of the person making the purchase.

When placing an order, the Purchase Order and the appropriate requisition and quote(s) must be sent to the vendor.

Single Source

Single Source purchases will be reported to the Office of the Vice President of Business Services/**Dean of Business Services**. In order to be presented at the next Business meeting, documents must be received a week prior to the Board Meeting. A signed single source letter, a signed quote, and a certification of the conditions and circumstances requiring the purchase must be attached to the purchase requisition.

Emergency

Only the governing board or President, or his designated representative, may declare an emergency condition. Emergency situations will be communicated to the President or a designated representative with recommended action to resolve the situation. The situation and actions taken to resolve the situation will be reported to the Board of Trustees at the next official Board Meeting and declared in the minutes.

Procurement Procedures:

Each contract/service agreement must go through one of the following evaluation processes.

Steps for Contracts/Agreements

If your purchase is \$1,000 or less:

- Complete the Purchase Requisition form and forward it to Business Services. If the Purchase Requisition is itemized, please include the appropriate price list to show where you got the pricing information. With prices changing due to COVID issues, MDCC must take steps to protect our budget from unexpected price increases. In the past a dated price list - as simple as a printout from the Vendor website showing the item details and cost – would provide that protection. However, COVID has changed this. **Only signed and dated quotes hold prices AND only for the time specified on the quote.**
- Complete the Contracts/Consortium Evaluation form (Appendix A) and attach it to the Purchase Requisition. Send both documents to Business Services.

If your purchase is \$1,000.01 or more:

- Complete the Purchase Requisition form. Attach price list or quotes and other documentation as required.
- You must attach a formal agreement to the Purchase Requisition.
- This agreement can come from the vendor or MDCC. MDCC uses the attached MOA (Memorandum of Agreement) (Appendix B). Before attaching it to the Purchase Requisition, make sure it is already signed by the selected vendor. Then obtain all appropriate MDCC signatures.
- Complete the Contracts/Consortium Evaluation form.
- Forward the Purchase Requisition, the vendor agreement or MOA, and the Contracts/Consortium Evaluation form to Business Services. A member of the Procurement Committee will determine which of the following approvals are necessary.
 - Agreements of \$1,000.01 to \$5,000 require the President's signature on the Contract/Agreement/MOA for approval.
 - Agreements of \$5,000.01 to \$24,999.99 will require at least 2 quotes and ratification of the Contract/Agreement/MOA by the Board of Trustees after approval by the President.
 - Agreements of \$25,000 or more will require multiple bids or quotes as appropriate and must obtain Board of Trustees approval for the Contract/Agreement/MOA. Such

agreements must also include the criteria used to evaluate the proposals and the completed evaluation forms attached to the Contracts/Consortium Evaluation form.

- After appropriate approval and processing, copies of all executed leases or agreements over \$25,000 will be forwarded to the Office of Institutional Effectiveness for archiving.

Requisitions

Decisions concerning whether an item will be purchased using E&I funds will be made by the Vice President or **Dean of Business Services** depending upon availability of funds. In the event the Vice President or **Dean of Business Services** is unavailable, the President will make this decision.

Requisition Procedures:

1. The requester should submit a requisition including the appropriate price list to show where pricing information was obtained to the immediate supervisor for approval. With prices changing due to COVID issues, MDCC must take steps to protect our budget from unexpected price increases. In the past a dated price list - as simple as a printout from the Vendor website showing the item details and cost – would provide that protection. However, COVID has changed this. **Only signed and dated quotes hold prices AND only for the time specified on the quote.** For activities, like Homecoming/Springfest/etc. document the requisition with the activity or event title, date, and description of what is requested and why. For uniforms, testing fees, student travel, etc., please provide names and Banner ID numbers for students. This documentation is for audit purposes.
2. The requisition is forwarded through the approval chain until it reaches Business Services.
3. The Vice-President or **Dean of Business Services** will check the requisition and budget and give approval for the requisition to be forwarded to purchasing.
4. A purchase order is issued.
5. Two copies, a white and a yellow, of the purchase order are returned to the requester. **If desired, the requester may submit an extra copy of the requisition and quotes to be returned with the white and yellow copies of the purchase order.**
6. The pink copy of the purchase order is retained by Business Services.
7. The requester presents a hard copy of the purchase order **along with the requisition and quote(s)** to the vendor.
8. The requestor retains copies of the approved purchase order and requisition forms to help maintain budget.

Receipt of Order:

Upon receipt of the order, the employee will examine all items to ensure the shipment was properly filled.

The employee will examine the invoice and ensure that it coincides with the purchase order. Discrepancies need to be addressed immediately. All items must match the quote exactly. Quantities and costs must match. If a shipment is less quantity or cost than quoted, that is acceptable as long as the information is correct. (i.e., **ACCEPTABLE:** 15 uniform tops are ordered at a cost of \$18.00 each. 12 uniform tops are delivered at a cost of \$17.00 each. **UNACCEPTABLE:** 15 uniform tops are ordered at a cost of \$18.00 each. 12 uniform tops are delivered at a cost of \$18.50 each.)

If both the order and invoice are correct, the employee should sign off on the invoice and date it. The invoice should then be forwarded to the next approval level(s) and then Business Services.

DO NOT HOLD INVOICES! SEE Section 31-7-305.

Invoices should not be held unless there is a problem with the order or the invoice. The Board must give approval before a check can be released to the vendor. The Business Services cut off for Board is about 3 weeks prior to the Board meeting. Board meetings are the 2nd Thursday of each month. When a conflict arises and the board meeting is rescheduled, a notice is placed on the front door of the administration building notifying the public of the rescheduled date.

No one other than the President and the Vice-President or Dean of Business Services has the responsibility of obligating funds in the name of the College. All purchases made will be authorized on the official purchase order that is issued upon the approval of requisitions submitted to Business Services.

Any orders placed without a purchase order will be the responsibility of the individual who made the purchase. The individual must either pay for or return the merchandise.

Additional Employee Responsibilities:

- Ensuring that a current W-9 is on file with Business Services for any new vendor, or any vendor whose business owner, business name, or business address has changed
- Ensuring any order placed is billed by the company in a timely fashion; this is NOT to exceed 30 days, or the expiration date on the quote if less than 30 days!
- Returning unused purchase orders to Business Services to be voided in a timely fashion (this releases the encumbrance on the departmental budget)

- Notifying Business Services to close unused portions of Purchase Orders (this releases the encumbrance on the departmental budget)
- Asking questions if unsure of how to go about ordering something unusual
- Using the Purchase Order immediately
- Verifying, **before using**, the validity of any Purchase Order that was not used immediately, especially when dealing with quotes. **QUOTES EXPIRE AND PRICES CHANGE!**
- Ensuring any receipts submitted against a Purchase Order are documented with the activity or event title, date, and description of what was purchased and why. This documentation is for audit purposes.
- Verifying that the vendor has not charged sales tax. (MDCC is tax exempt. If your vendor has charged sales tax, please work with the vendor to get this corrected.)

Inventory Procedures

The following is the official procedure for the addition, deletion, transfer and salvage of inventoried equipment, to include state-reimbursed equipment. The inventoried equipment is the responsibility of the Department Chair/Department Supervisor of the department where the equipment is assigned.

New inventoried items will be issued inventory tags by the Inventory Control Coordinator. The tags will be distributed to the appropriate Department Chair/Department Supervisor who will be responsible for ensuring the tags are placed on the appropriate inventory. This person will then sign and date the form that came attached to the tags listing the items to be inventoried and return it to Business Services.

Inventory listings will be sent out to the departments on an annual basis for verification. The appropriate Department Chair/Department Supervisor will be responsible for checking their inventory against the inventory listing for accuracy. Any discrepancies need to be noted. The list should then be signed and dated and returned to Business Services. The Inventory Control Coordinator will then be responsible for following up on any discrepancies.

Unannounced inventory audits will periodically take place to ensure the accuracy of the inventory verifications.

Inventory Deletion:

Any department that has old or obsolete inventory to delete will fill out the inventory deletion/relocation form. (Appendix C) This form will be signed by the appropriate Department Chair/Supervisor, and appropriate Vice President. It will then be forwarded to Business Services. The Inventory Control Coordinator will then compile a list of deletions

that require board approval for the next appropriate board meeting. Once the board approves the deletion, the Inventory Control Coordinator will notify the appropriate Department Chair/Supervisor. Any deleted items need to be handled appropriately as follows:

- Computers, monitors, and printers – Contact Information Technology who will remove any hard drive, and then forward to the Maintenance Department for the next appropriate disposal. Information Technology will need to keep a list of inventory numbers and equipment forwarded to maintenance.
- All other deleted equipment needs to be marked deleted, with a notation of the inventory number. This is preferably done by taping a piece of paper to the item. The actual inventory tag should be removed and forwarded to Business Services. The maintenance department will need to be notified of the location and the description of the deleted item for pickup.

The Appropriate Chair/Supervisor will be responsible for the deleted piece of equipment up until it is picked up by Maintenance or Information Technology.

Stolen Inventory:

Any stolen or missing inventory should be reported to the appropriate Chair/Supervisor or Vice President immediately up discovery. A Campus Police report must be filed, and attached to the Lost or Stolen Property Affidavit form (Appendix C) when submitted for deletion.

Inventory Relocation:

Any inventory that is relocated to another room, department, building, or campus must be accounted for on the Inventory Deletion/Relocation Form (Appendix D).

State-Reimbursed Equipment:

All state-reimbursable equipment is maintained separately on the College inventory. The College is responsible for the maintenance of this equipment. All College inventory procedures will be followed in the disposal and/or removal from inventory. Any proceeds from the disposal of any deleted state-reimbursed equipment will be used to help purchase new needed equipment for the Vocational area.

Minor Equipment:

The College inventories all equipment to include items that cost less than \$500. NOTE: Supplies are not inventory.

Donated Equipment:

Any donated equipment should be donated through the Mississippi Delta Community College Foundation. Once the equipment is transferred to the College by the Foundation, the equipment will be placed on the College's inventory.

Special Inventory Items:

The following items are to be inventoried, regardless of price:

1. Weapons
2. Two-Way Radios
3. Lawn Maintenance Equipment
4. Cellular Telephones
5. Chain Saws
6. Air Compressors
7. Welding Machines
8. Generators
9. Motorized Vehicles

NOTE: Supplies are not inventory. Inventory should NEVER be purchased on an open PO!

Accounts Payable

Travel Advances:

Out of state travel advances are made to employees for meals, gas, parking, taxi service, and extra baggage. Receipts for all items other than meals must be turned in to Business Services within one week of the employee's return from the out of state trip, and all unaccounted-for expenses must be reimbursed to the College.

It is the responsibility of the employee to obtain and keep up with all necessary receipts. Lost or missing receipts will not be covered by the College and will be reimbursed to the College by the employee.

Meals:

Meals are only allowable if overnight travel is involved. Documentation must be presented by the employee in cases where the lodging is provided by other means. Any employee who stays with a family member or friend will need to document where they stayed and with whom. If another entity is paying for the lodging, a copy of the hotel bill needs to be attached to the travel form.

Out of State Travel:

An approved out of state travel form must be attached to any out of state travel request. Board approval must also be obtained for out of state travel.

Travel should be planned far enough in advance to allow for board approval before out of state travel is taken.

Mileage Reimbursement:

Any time a school fleet vehicle is available for use, an employee shouldn't use their personal vehicle.

Off campus employees should not turn in travel reimbursement for coming to Moorhead unless the trip has been requested by administration.

College travel will **not** be paid in the following cases:

- Travel to the employee's home base for the day to include nursing clinicals unless authorized by the President.
- Summer school instruction

Membership Dues:

Funds for membership dues are limited, so the College will only pay dues for entity/agency memberships. An entity/agency membership is a membership which belongs to the College and not the individual. The entity membership is transferrable from one employee to another. The membership remains with the agency should an employee terminate employment. **NOTE:** The only exception to this is if the membership enhances or is directly related to the performance of the individual's job duties **and it is a benefit to the College.**

Invoices:

Invoices will be sent to the requestor for approval. The requestor will sign and date the invoice and forward it to the department head, who will then forward it to the appropriate Vice President. The Vice President is responsible for forwarding the signed invoice to Business Services for processing.

By signing the invoice, the requestor is stating that all items have been received and are in good order. This means that you are verifying the invoiced prices match the quoted prices, the invoiced quantity of goods is not more than the quoted quantity of goods, and that the invoice date is not before the purchase order date. **Please make sure your purchase order number is on the invoice and that sales tax has not been charged.** If there are discrepancies in any of these areas, please work with your vendor to get these items corrected before submitting the invoice for payment.

Any time that a purchase is made with Amazon, Lowe's, or Wal-Mart, please submit your invoices immediately upon receipt. *The credit lines for these vendors are limited so there is potential for the limit to be exceeded if payments are not made in a timely manner.*

Travel, registrations, and utilities are processed weekly. In order to receive a check by Thursday, invoices must be turned in by Tuesday. All other invoices are held for Board approval.

If the purchase order number is not on the invoice, write it on the invoice before submitting for payment.

Please be mindful of your vendors and turn in your signed invoices promptly!

If an invoice misses the cutoff for the current Board meeting, the invoice cannot be paid until the following month's Board meeting!

Please return this signed statement to Janet Burford, Business Services, Boggs Scroggins Enrollment Services Center by

August 8

Statement of Understanding

I certify that I have read and understand the policies and procedures set forth in the MDCC Business Services Manual. I understand that my failure to adhere to these policies and procedures may result in my being financially responsible for payment of items purchased.

**Mississippi Delta Community College
Contracts/Consortium Evaluation**

The Contracts/Consortium Evaluation is a feedback mechanism that allows for continual improvement in securing contracts and other agreements. It also provides a mechanism for demonstrating whether agreements contribute to achieving the mission and goals of the institution.

Name of Agreement/Contract

Department/Division

1. Please evaluate this agreement/contract by responding to the items below:

- Is the contract/consortium agreement appropriate to the mission and goals of the institution? _____ Yes _____ No Comments:
- Does the contract/consortium agreement meet the needs of the institution? Yes _____ No _____
Comments:
- Are both parties in agreement with the contract/consortium agreement? Yes _____ No _____
Comments:
- Does the contract/consortium agreement impact the MDCC budget? Yes _____ No _____
Comments:
- Does the contract/consortium agreement require Board approval? Yes _____ No _____
Comments:

Justification for selecting this vendor (For contracts exceeding \$25,000 please attach the criteria used to evaluate the proposals and the completed evaluation forms)

Div. Chair/Director/Supervisor: _____ Date _____

Vice-President: _____ Date _____

President: _____ Date _____

2. After obtaining the above signatures, forward this evaluation to Business Services, along with the Purchase Requisition, Contract/Agreement, and other supporting documents.

Procurement Committee Recommendation
The above agreement has been evaluated and meets all the procurement guidelines for the institution. The Procurement Committee recommends the following in order to execute the agreement.
_____ Obtain President's Signature on the Contract/Agreement (\$5,000 or less)
_____ Obtain Board Ratification for the Contract/Agreement (\$5,001 to \$24,999.99)
_____ Advertise for bids & obtain Board Approval for the Contract/Agreement (\$25,000 & over)
Committee Representative: _____ Date _____
