The effective date of this policy is July 1, 2015.

1.7 NON-DISCRIMINATION & ANTI-HARASSMENT POLICY & CONTACT PERSON

The Board of Trustees of Mississippi Delta Community College has adopted a policy that assures that no person in the United States shall, on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status be excluded from participation in, be denied the benefits of, or be subject to discrimination under any education program or activity of the college or in its employment practices.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

Harassment is also a form of unlawful discrimination as well as disrespectful behavior, which will not be tolerated. Any discrimination or harassment of a member of the college community by another member of the college community is a violation of this policy. Members of the college community are expected to treat each other with mutual respect.

Further, this applies to any educational or employment opportunity associated with Mississippi Delta Community College. This policy is extended to qualified persons with disabilities and to all programs and activities of the college.

The above described policy was adopted in response to the regulations of Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Pregnancy Discrimination Act of 1978, and other applicable Federal and State Acts. For more information contact the Executive Director of Human Resources, Waunita Roberts Jones, at 662-246- 6309 or at wroberts@msdelta.edu.

1.8 SEXUAL AND GENDER BASED HARASSMENT POLICY AND PROCEDURE

Mississippi Delta Community College is committed to maintaining a safe and healthy educational and work environment in which no member of the college community is, on the basis of sex, sexual orientation, or gender identity, excluded from participation in, denied the benefits of, or subjected to discrimination in any college program or activity. Gender-based and sexual harassment, including sexual violence, are forms of sex discrimination in that they deny or limit an individual's ability to participate in or benefit from college programs or activities.

This policy is designed to ensure a safe and non-discriminatory educational and work environment and to meet legal requirements, including: Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex in the college's programs or activities; relevant sections of the Violence Against Women Reauthorization Act; Title VII of the Civil Rights Act of 1964, which prohibits discrimination on the basis of sex in employment; and Mississippi laws that prohibit discrimination on the basis of sex. It does not preclude application or enforcement of other college policies.

It is the policy of the college to provide educational, preventative and training programs regarding sexual or gender-based harassment; to encourage reporting of incidents; to prevent incidents of sexual and gender-based harassment from denying or limiting an individual's ability to participate in or benefit from the college's programs; to make available timely services for those who have been affected by discrimination; and to provide prompt and equitable methods of investigation and resolution to stop discrimination, remedy any harm, and prevent its recurrence. Violations of this policy may result in the imposition of sanctions up to, and including, termination, dismissal, or expulsion, as determined by the appropriate officials at the college.

Retaliation

This policy seeks to encourage students, staff, and faculty to express freely and responsibly their concerns about any possible instances of sexual harassment. Any act of reprisal (e.g., interference, restraint, penalty, discrimination, coercion or harassment) -- overt or covert--by a college faculty member, employee, agent, or student against another who is responsibly using this policy and its procedures interferes with free expression and openness. Such acts violate this policy and require prompt and appropriate disciplinary action.

Definition

As defined in the guidelines of the Equal Employment Opportunity Commission and adopted by the United States Supreme Court in *Meritor Savings Bank, FSB v. Vinson*, 477 U.S. 57 (1986), sexual harassment of employees or students includes any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or status in a course, program, or activity; or
- (2) Submission to or rejection of such conduct is used as the basis for employment or educational decisions affecting that individual; or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile, or offensive environment for working or learning.

Examples of Sexual Harassment:

Prohibited verbal, nonverbal, or physical conduct include, but are not limited to:

1. Physical assault;
2. Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades, or letters of recommendation;
3. A pattern of conduct intended to discomfort or humiliate, or both, that includes:
 - a. Comments of a sexual nature;
 - b. Sexually explicit statements, questions, jokes, or anecdotes;
 - c. Persistent propositions of a sexual nature; and/or
 - d. Subtle pressure for sexual activity.
4. A pattern of conduct that would discomfort or humiliate, or both, a reasonable person to whom the conduct was directed that includes:
 - a. Unnecessary touching, patting, hugging, or brushing against a person's body;
 - b. Remarks of a sexual nature about a person's clothing or body; and/or
 - c. Remarks about sexual activity.
5. Use of electronic mail or computer dissemination of sexually oriented, sex-based communications.

Sexual harassment is often a specific form of discrimination in which the power inherent in a faculty member's or supervisor's relationship to his or her students or subordinates is exploited. While sexual harassment most often takes place in a situation of differential professional power between the persons involved, this policy recognizes that sexual harassment may occur between persons of the same college status, e.g., student-student, faculty-faculty, staff-staff. It may occur where inverse power relationships exist as when a student exhibits such behavior toward faculty or staff. It may occur between persons of the same sex. Behaviors may be initiated by both men and women. Persons, who are negatively affected by others' behavior, even though the behavior is not directed towards them, may bring claims of third-party harassment.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

Groundless Charges or Malicious Mischief

Accusations of sexual harassment are serious matters. They should never be made casually and without cause. This policy shall not be used to bring groundless and malicious charges against students, faculty members, or employees. Disciplinary action concerning personal misconduct may be taken under the appropriate faculty and staff personnel policies or the Student Code of Conduct against any person bringing a groundless and malicious charge of sexual harassment. Bringing groundless and malicious charges may also result in legal liability for the person filing the charges.

The same sanctions appropriate to a violation of sexual harassment policy shall apply to those who bring charges in bad faith.

Sanctions Resulting from Findings of a Violation

The following sanctions are applicable to all MDCC employees and students when a finding or a violation of the sexual harassment policy has been determined, or when frivolous or malicious charges have been brought.

A first offense could be grounds for dismissal, and more than one sanction may be imposed for any single offense. Administrators responsible for implementing sanctions will report to the complainant the sanction that has been imposed.

Procedures for Handling Sexual and Gender-Based Harassment Policy Complaints

The Title IX Coordinator has been charged with implementing the following procedures for students pursuant to the Sexual and Gender-Based Harassment Policy ("Policy"). The following person serves as the Title IX Coordinator: Christopher Lee, Dean of Student Services, Vandiver Student Union, Office # 123, P. O. Box 668, Moorhead, MS 38761, 662-246-6444. An investigator from the Campus Police

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

Department will serve as the Title IX Investigative Officer and will report directly to the Title IX Coordinator. MDCC students, faculty, staff, or third parties may request information or advice, including whether certain conduct may violate the Policy; seek informal resolution; or file a formal complaint. These three options are described below. Initiating Parties are encouraged to bring their concerns to the Title IX Coordinator.

As set forth below, interim measures designed to support and protect the Initiating Party or the college community may be considered or implemented at any time, including during a request for information or advice, informal resolution, or a formal complaint proceeding. Consistent with the college's policy, interim measures might include, among others, restrictions on contact; course schedule alteration; changes in housing; leaves of absence; or increased monitoring of certain areas of the campus. These interim measures are subject to review and revision throughout the processes described below.

I. Requests for Information or Advice

Initiating Parties seeking information or advice can expect to learn about resources available at the college and elsewhere that provide counseling and support. They also will be advised about the steps involved in pursuing an informal resolution or filing a formal complaint. In addition, the Title IX Coordinator will discuss with Initiating Parties whether any interim measures are appropriate at this stage.

II. Requests for Informal Resolution

Initiating Parties may make a request, either orally or in writing, for informal resolution to the Title IX Coordinator. The request should identify the alleged harasser (if known) and describe the allegations with specificity. The Title IX Coordinator will assess the severity of the alleged harassment and the potential risk of a hostile environment for others in the community to determine whether informal resolution may be appropriate.

Upon determining that informal resolution is appropriate, and in instances when the Initiating Party makes the request to the Title IX Coordinator, the Title IX Coordinator will consult further with the person initiating the request, inform the person who is the subject of the allegations, and gather additional relevant information as necessary from the parties and others, as indicated. The Title IX Coordinator may also put in place any appropriate interim measures to protect the educational and work environment. The Title IX Coordinator will attempt to aid the parties in finding a mutually acceptable resolution.

When the allegations, if true, might constitute criminal conduct, the party against whom they are brought is hereby advised to seek legal counsel before making any written or oral statements.

Those facing allegations may wish to obtain legal advice about how this process could affect any criminal case in which they are or may become involved.

A matter will be deemed satisfactorily resolved when both parties expressly agree to an outcome that is also acceptable to the Title IX Coordinator. At any point prior to such an express agreement, the Initiating Party may withdraw the request for informal resolution and initiate a formal complaint under these Procedures.

Ordinarily, the informal resolution process will be concluded within two to three weeks of the date of the request.

III. Procedures for Formal Complaints

1) Initiating a Complaint

An Initiating Party may file a formal complaint alleging a violation of the Policy. A complaint of sexual or gender-based harassment should be filed directly with the Title IX Coordinator, regardless of the identity of the Respondent. (If the Respondent is not a student, see Referral of Complaints against Staff, Faculty, Other MDCC Officials, or Third Parties below). The Title IX Coordinator will inform the Respondent that a complaint has been received, and, if indicated by the Complainant will put in place any appropriate interim measures.

A formal complaint must be in writing and signed and dated by a Complainant. It should state the name of the alleged harasser (if known) and describe with reasonable specificity the incident(s) of alleged harassment, including the date and place of such incident(s). The complaint must be in the Complainant's own words, and may not be authored by others, including family members, advisors, or attorneys. Attached to the complaint should be a list of any sources of information (for example, witnesses, correspondence and records, and the like) that the Complainant believes may be relevant to the investigation. However, a complaint should not be delayed if such sources of information are unknown or unavailable.

The Title IX Investigative Officer will not investigate a new complaint if it has already adjudicated a formal complaint based on the same circumstances or if the parties and the Title IX Coordinator already have agreed to an informal resolution based on the same circumstances.

2) Referral of Complaints against Staff, Faculty, Other MDCC Officials, or Third Parties

When allegations are asserted against a staff member, faculty member, or other MDCC officials, or third party, the Title IX Coordinator will inform the appropriate Administrator with a copy of the complaint. The Title IX Coordinator will determine if the Title IX Investigative Officer will need to conduct all or part of the investigation and will inform the Complainant.

3) Timeframe for Filing a Complaint

The college does not limit the timeframe for filing a complaint. The college encourages complaints to be filed as soon as reasonably possible following an alleged Policy violation because the college's ability to gather adequate information may be limited where a significant length of time has elapsed between an incident and the filing of a complaint. Further, with respect to those cases that will be reviewed by disciplinary bodies at the conclusion of the investigation, the college's ability to complete its processes may be limited with respect to Respondents who have graduated from or are no longer employed by the college.

4) Initial Review

Once a formal complaint is received, the Title IX Coordinator will assign the case to the Title IX Investigative Officer for an initial review. The Title IX Investigative Officer will have appropriate training, so that he or she has the specialized skill and understanding to conduct prompt and effective sexual and gender-based harassment investigations.

The Title IX Investigative Officer will contact the Complainant in an attempt to gather a more complete understanding of the allegations. Based on the information gathered, the Title IX Investigative Officer will determine whether the information, if true, would constitute a violation of the Policy such that an investigation is warranted or whether the information warrants an administrative closure. The Title IX Investigative Officer will convey this determination to the Complainant and the Title IX Coordinator. The Title IX Investigative Officer will work with the Title IX Coordinator to implement any appropriate interim.

measures to be put in place pending the completion of the case (or to revise as necessary any measures already in place).

The initial review will be concluded within two weeks of the date the complaint was received.

5) Investigation

Following the decision to begin an investigation, the Title IX Investigative Officer will notify the Respondent in writing of the allegations and will provide a copy of the Policy and these procedures. The Respondent will have one week in which to submit a written statement in response to the allegations. This statement must be in the Respondent's own words; Respondents may not submit statements authored by others, including family members, advisors, or attorneys. Attached to the statement should be a list of all sources of information (for example, witnesses, correspondence, records, and the like) that the Respondent believes may be relevant to the investigation.

If the decision is made to begin an investigation in a case where the Complainant is unwilling to participate but the college has assessed the severity of the harassment and the potential risk of a hostile environment for others in the community and has determined to proceed, then, for the purposes of these procedures, the college's Title IX Coordinator (or a designee) will be considered the Complainant.

The Title IX Investigative Officer will request individual interviews with the Complainant and the Respondent, and, as appropriate, with other witnesses, which may include those identified by the parties as well as relevant officers of the college. When identifying potential witnesses, the parties should understand that the purpose of interviews is to gather and assess information about the incident(s) at issue in the complaint, not to solicit general information about a party's character.

When a complaint involves allegations that, if true, also might constitute criminal conduct, Respondents are hereby advised to seek legal counsel before making any written or oral statements. The investigation process is not a legal proceeding, but Respondents might wish to obtain legal advice about how this process could affect any criminal case in which they are or may become involved.

After the collection of additional information is complete, but prior to the conclusion of the Investigation, the Title IX Investigative Officer will request individual follow-up interviews with the Complainant and the Respondent to give each the opportunity to respond to the additional information.

6) Personal Advisors

Both the Complainant and the Respondent may bring a personal advisor to any interviews with the Title IX Investigative Officer. The Advisor may only advise their client and will not be allowed to make any presentations to the Title IX Investigative Officer.

7) Confidentiality

The Title IX Coordinator, the Title IX Investigative Officer, and others at the college involved in, or aware of, the complaint will take reasonable steps to protect the privacy of all involved. Once a complaint is filed, the Complainant, the Respondent, and any witnesses will be notified of the potential for compromising the integrity of the investigation by disclosing information about the case and the expectation that they therefore keep such information – including any documents they may receive or review – confidential. They also will be notified that sharing such information might compromise the investigation or may be construed as retaliatory. Retaliation of any kind is a separate violation of the Policy and may lead to an additional complaint and consequences.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

The parties remain free to share their own experiences, other than information that they have learned solely through the investigatory process, though to avoid the possibility of compromising the investigation, it is generally advisable to limit the number of people in whom they confide.

8) Coordination with Law Enforcement Authorities

In all cases, the Title IX Investigative Officer will have completed the initial review without delay and, as appropriate, will have proposed interim measures to the college Title IX Coordinator. In the event that an allegation includes behavior or actions that are under review by law-enforcement authorities, the Title IX Investigative Officer, in light of status updates from law-enforcement authorities and the Title IX Coordinator may assess and reassess the timing of the investigation under the Policy, so that it does not compromise the criminal investigation.

9) Conclusion of the Investigation and Issuance of Final Report

At the conclusion of the investigation, the Title IX Investigative Officer will make findings of fact, applying a preponderance of the evidence standard, and determine based on those findings of fact whether there was a violation of the Policy.

The Title IX Investigative Officer will provide the Complainant and the Respondent with a written draft of the findings of fact and analysis and will give both parties one week to submit a written response to the draft. The Title IX Investigative Officer will consider any written responses before finalizing these sections of the report and the final section of the report, which will outline any recommended measures to be taken by the college to eliminate any harassment, prevent its recurrence, and address its effects. The Title IX Coordinator and the appropriate Administrator will work to put in place such measures as they determine are appropriate. Consistent with college policies, measures imposed at this stage might include, among others: restrictions on contact; course- schedule or work-schedule alteration; changes in housing; leaves of absence; or increased monitoring of certain areas of the campus.

The investigation will be completed, and the final report provided to the Complainant, the Respondent, the college's Title IX Coordinator, and the appropriate Administrator ordinarily within six weeks of receipt of the complaint. At the conclusion of the investigation findings will be forwarded to the Administrative Hearing Officer and the adjudication process will begin. For cases involving faculty, staff, other MDCC Officials, or third parties that have been investigated by the Title IX Investigative Officer pursuant to Section III.B above, the imposition of sanctions will be considered separately by the appropriate officials at the college or unit through their relevant policies.

10) Special Circumstances

a) Request for Anonymity

If a potential Complainant asks to remain anonymous, then the Title IX Coordinator and the Title IX Investigative Officer, as appropriate, will consider how to proceed, taking into account the potential Complainant's wishes, the college's commitment to provide a non- discriminatory environment, and the potential Respondent's right to have specific notice of the allegations. The Title IX Coordinator and the Title IX Investigative Officer may conduct limited fact finding to better understand the context of the complaint. In some circumstances, a request for anonymity may mean an investigation cannot go forward, the Title IX Coordinator and Title IX Investigative Officer determine that further investigation is necessary, in which case the potential Complainant will be informed that his or her identity will be disclosed as necessary for the investigatory process.

In other circumstances, the Title IX Coordinator and the Title IX Investigative Officer may determine that the matter can be appropriately resolved without further investigation and without revealing the Complainant's identity.

b) *Administrative Closure*

If, after conducting the initial review of a formal complaint, the Title IX Investigative Officer finds that the allegation, if true, would not constitute a violation of the Policy, then the Title IX Coordinator will administratively close the case and notify the Complainant.

Where the Complainant is unwilling to participate in further investigation, the Title IX Coordinator will assess the severity of the alleged harassment or the potential risk of a hostile environment will determine whether administrative closure is appropriate or whether the college should proceed with an investigation.

Within one week of the decision to close a case administratively, the Complainant may request reconsideration on the grounds that there is substantive and relevant new information that was not available at the time of the decision and that may change the outcome of the decision. The Title IX Coordinator will consider requests for reconsideration and inform the Complainant of the outcome, ordinarily within one week of the date of the request.

In cases where the Title IX Coordinator concludes that the alleged conduct, while not a violation of the Policy, might implicate other college conduct policies, the Title IX Coordinator may refer the complaint to the appropriate college official.

c) *Request to Withdraw the Complaint*

While every effort will be made to respect the Complainant's wishes to withdraw a formal complaint, the college must be mindful of its overarching commitment to provide a non-discriminatory environment. Thus, in certain circumstances, the Title IX Coordinator may determine that investigation is appropriate despite a Complainant's request to withdraw the complaint or failure to cooperate. Other circumstances also may result in a request to withdraw the complaint being declined, where, for example, a request to withdraw is made after a significant portion of the investigation has been completed and terminating the investigation would be inequitable.

d) *Request for Informal Resolution after a Complaint has Been Filed*

Once a complaint has been opened for investigation and before the final report has been provided to the parties, a party may request informal resolution as an alternative to formal resolution of the complaint, but that disposition requires agreement of the Complainant and the Respondent and the approval of the Title IX Coordinator.

If such a request is approved, the timeframes will be stayed, and the Title IX Coordinator will take such steps deemed appropriate to assist in reaching a resolution. If the parties cannot reach an informal resolution within two weeks from receipt of the request, then the Title IX Investigative Officer will resume the investigation of the complaint in accordance with the formal complaint procedures.

11) Appeal

Both the Respondent and the Complainant may appeal the decision of the Title IX Investigative Officer to the Title IX Coordinator or designee based on the following grounds:

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

1. A procedural error occurred, which may change the outcome of the decision; or The appellant has substantive and relevant new information that was not available at the time of investigation and that may change the outcome of the decision.

NOTE: Disagreement with the Title IX Investigative Officer's findings or determination is not, by itself, a ground for appeal.

Appeals of the Title IX Investigative Officer's decision must be received by the Title IX Coordinator and the Vice President of Administrative and Student Services and will be decided within two weeks. The Title IX Coordinator will promptly be informed of the outcome in writing and forward findings to the Respondent and the Complainant.

1.10 FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT(FERPA)

The method with which Mississippi Delta Community College governs the distribution of student information is based on the Family Educational Rights and Privacy Act of 1974 or FERPA. This Act, as amended, established the requirements governing the privacy of student educational records in regard to the release of those records and access to those records. This Act is also known as the Buckley Amendment.

The Act gives four basic rights to students:

- the right to review their education records;
- the right to seek to amend their education records;
- the right to limit disclosure of personally identifiable information (directory information);
- the right to notify the Department of Education concerning an academic institution's failure to comply with FERPA regulations.

Students who wish to waive these rights to a parent or guardian must fill out the appropriate form in the Office of Admissions. FERPA provides for confidentiality of student records; however, it also provides for basic identification of people at Mississippi Delta Community College without the consent of the individual. Release of information to third parties includes the student's name, address, telephone number, date and place of birth, field of study, participation in officially recognized activities and sports, dates of attendance, degrees received, honors and awards earned, the most recent educational agency attended by the student, and other similar information.

Mississippi Delta Community College will release directory information unless notified by written request in the Office of Admissions within the first two weeks after the student registers. A complete copy of this policy is located in the Office of Admissions. Students are notified of their FERPA rights and the procedures for limiting disclosure of directory information in the Student Handbook and annual emails.

It is the policy of Mississippi Delta Community College (MDCC) to ensure equal opportunities in the recruitment and selection for all MDCC jobs. I. **GENERAL DESCRIPTION**

When one or more of the above-referenced circumstances exists for contractual positions, the MDCC Board of Trustees empowers the college's President to authorize such hire temporarily; **no more than 60 days**. Within 60 days from the date of temporary hire, the college's President must present such recommendation to the MDCC Board of Trustees for consideration and final approval. The MDCC Board of Trustees reserves the right to reject such recommendation for full employment.

Board approval to convert the temporary work status to permanent, full-time, work status.

D. Employee Promotion Process

Mississippi Delta Community College recognizes the need for employees to reach their individual career potential. The College's established promotion procedure, which is detailed here, provides an avenue for employee advancement within the institution. The Human Resources Department posts internal vacancies for five (5) consecutive days. Qualified current employees may apply for internal job openings as positions become available. For positions posted internally, current employees and individuals employed by the college in their current position for a minimum of one year may apply. Employees desiring to apply for internal promotion should complete a new Application for Employment located on the institution's website.

Employees may receive promotions in one of the following ways:

- Reclassification of a position (i.e., faculty, non-teaching professional, support staff);
- Assignment of special responsibilities (i.e., program director, associate or assistant dean); or
- Appointment or transfer to a higher-level position with expanded job responsibilities and a different job title

Recommendations for promotion are normally initiated by the employee's immediate Supervisor by completing an Application for Transfer Form located on the institution's website and must be endorsed by the Division Head with final approval by the President.

An employee may be transferred from one department to another without going through the normal transfer or promotion process when the administration considers the move to be in the best interest of the college and/or the employee. An employee may be reassigned to another area, given additional duties or responsibilities, or have duties or responsibilities reassigned.

Employees usually considered ineligible for promotions and transfers include those with less than twelve months of full-time continuous service at MDCC and an employee whose conduct and performance are unacceptable in a current position.

E. Employment for Special Assignments or Additional Responsibilities

The college occasionally has a need to utilize the services of individuals for special assignments (i.e. grant activities, projects, etc.) or additional responsibilities (i.e. Division Chair) above the normal teaching load for faculty or job duties of staff. Any such opportunities must first be approved by the President. This procedure does not apply to the assignment of extra courses for faculty.

F. Committees

College committees – The administration appoints college committees at the beginning of each fiscal year. In addition to regular committees, administrators appoint special committees to handle specific challenges. Advisory Committees – MDCC's career, technical, and health sciences programs have/or may have advisory committees.

The Advisory Committees consist of individuals from business/industry who advise the college programs concerning curriculum and equipment needed to keep the programs up-to-date.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The selection of committees does not discriminate on the basis of race, color, national origin, sex, disability, or age.

G. Anti-Nepotism and Relative Hiring Policy

Mississippi Delta Community College (“MDCC”) takes seriously its responsibilities to monitor and regulate hiring of employees, particularly employees who are related to each other by blood or marriage to the third degree. To that end, the MDCC Board adopts and approves the following restrictions and regulations on hiring. No MDCC Board member, executive, administrator, officer, employee, agent, or representative may participate in any employment related decision of any nature that concerns, affects, favors, or disfavors any relative by blood or marriage to the third degree. This restriction specifically extends to their spouses, children, parents or siblings, or the spouses’ children, parents, or siblings.

This policy is to be interpreted broadly and is for the purpose of prohibiting one relative to the third degree from having a positive or negative influence over the employment or discipline of another relative to the third degree. If you are an MDCC Board member, executive, administrator, employee, agent, or representative and any decision or circumstance before you could affect, positively or negatively, any of your relatives by blood or marriage to the third degree, you should immediately recuse yourself from any such situation, report the matter to your immediate supervisor, and remain totally recused from the matter.

From the date of adoption of this policy forward, no department may hire anyone related by blood or marriage to the third degree to any other person already employed in that department, unless approved by the College President. This policy does not require any changes to personnel already in place prior to the adoption of this policy.

If you are a supervisory level employee who makes employment recommendations, MDCC will appoint another supervisory level employee to make recommendations as to your relatives.

As always, please feel free to contact the Office of Human Resources if you have any questions.

H. Substance Abuse or Possession

All MDCC employees are subject to drug or alcohol testing if one or more of the following occurs:

1. There is a reasonable suspicion by the immediate supervisor that the employee maybe impaired.
2. The employee has been previously arrested for alcohol or drug substance abuse.
3. The employee is in possession of alcohol or illegal drugs on any MDCC campus.

For any one or more of the above accusations, refusal by the employee to submit to a drug or alcohol test shall constitute grounds for disciplinary action that may include suspension and/or termination of employment with the college.

I. Consensual Relationships

Mississippi Delta Community College may restrict consensual relationships between employees and students, and between employees.

All College employees must preserve the integrity of their relationships with students, and are expected to maintain at all times the highest level of professionalism with students, whether or not any real authority over the students exists. Therefore, situations which may present the appearance of a consensual romantic or sexual relationship between a College employee and any student of the College should be avoided.

No College employee shall enter into or maintain a consensual romantic or sexual relationship with a student of the College.

No College employee shall enter into or maintain a consensual romantic or sexual relationship with any other employee over whom they exercise any academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence.

Any student or employee who is determined to be in violation of this policy is subject to appropriate disciplinary action, which may include dismissal from the College, in the case of a student, or termination, in the case of an employee. Due process will be followed for any student or employee subjected to disciplinary action.

This policy shall not apply to students, faculty, or staff who are married to each other. For purposes of this Policy and Procedure, the following terms are defined:

Employee: An employee is any person employed by Mississippi Delta Community College as a faculty or staff member, whether full-time or part-time. For purposes of this policy and procedure, adjunct instructors are considered employees of the College.

Student: A student is any person enrolled full-time or part-time in any instructional program at Mississippi Delta Community College.

Consensual relationship: A consensual relationship is a sexual and/or romantic relationship, other than marriage, between two persons who voluntarily enter into such a relationship.

J. Probation

All faculty and staff members are considered to be hired for a probationary period for the first employment period. Probation also applies when an employee takes a new position. During the course of the probationary period, the employee's performance will be evaluated by his/her supervisor(s); and the appropriate administrator will recommend to the President whether or not a faculty/staff member's employment should be renewed or discontinued.

Non-contractual employee's probationary period is one year from his or her effective date of employment.

Contractual employee's probationary period is anywhere between 9 months to 12 months.

K. Working over 40 hours in a Workweek

If any MDCC non-exempt employee anticipates working over 40 hours in a workweek, he/she must first receive written approval before putting in the extra time.

If approval is not granted, the employee will be subject to the **Disciplinary Procedures for Employees found** in the College's **Policies and Procedures Manual**.

L. Appointments of Department Chairs

For selection of department chairs, the following procedure is used:

- a) The Vice President of Instruction will interview individuals that express an interest and make a selection for the appointment.
- b) The appointment is then recommended to the President of the college.

M. Full-Time Employment

Full-time employment is based for a period of time described in an individual's written contract, payroll authorization form, and/or job description. These periods usually range from 9 to 12 months.

N. Full-Time Facilities Management Employees

Employees working in the Facilities Management department are required to wear slip resistant footwear while at work. This helps to reduce the risk of possible slip and fall accidents.

In addition, Facilities Management employees will be required to attend and complete safety-training classes when scheduled.

All non-exempt hourly employees will document time worked by utilizing the time clock system.

Hourly Facilities Management Department Holidays

In order for families of full-time hourly paid employees to plan in advance for holidays, the President of the college has approved the following observed paid holidays: ***All holiday leave is subject to change at the discretion of the President.***

P. Dress Code

Mississippi Delta Community College employees are expected to dress and groom in a manner that promotes a positive image of the institution and is appropriate to the profession and to the region. Discretion in style of dress and behavior is essential to the efficient operation of Mississippi Delta Community College. Students, faculty, and staff of Mississippi Delta Community College shall dress in a manner that is appropriate for an institution of higher education. Employees are expected to use good judgment in choice of clothes and remember to conduct themselves at all times in a way that best represents the College. This includes refraining from wearing inappropriate attire, such as revealing or provocative clothing at College functions and events that are directly or indirectly related to the business or activities of the College. If students or employees report to the College dressed or groomed inappropriately, including clothing that bears obscene gestures or language, is provocative, or inappropriately exposes oneself, they may be asked to leave campus. Punitive actions may be imposed if this policy is violated.

Q. Disciplinary Procedures for Employees

It is the policy of the college to employ personnel who are willing and able to perform the functions of their jobs in a satisfactory manner, to observe the rules and regulations of the college, and to devote their time and attention to the business of the college during working hours. Should it become necessary to counsel or discipline employees, this procedure is intended only as a guideline to the commonly accepted steps a supervisor may take in correcting employee behavior. This procedure applies to all employees of the college and supersedes all prior issued procedures. The college shall have the right to discipline or discharge an employee. Each case shall be evaluated on its own set of circumstances.

The following steps may be used by supervisors in correcting unsatisfactory performance:

1. **Fact-finding or counseling** – to be used as a first step in correcting unsatisfactory performance. Supervisor should follow up the counseling session with written documentation; however, this is not filed in the employee's personnel file.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

***Note:** If the supervisor suspects that an employee is encountering performance problems or violating work rules because of non-job-related situations such as poor health, family problems, alcoholism, or emotional disturbances, the supervisor is encouraged to refer the worker for counseling or to obtain professional help.*

2. **Formal written warning** – documented meeting between the employee and the supervisor at which time the supervisor shall review the facts and inform the employee of failure to meet acceptable standards of performance and/or of not following college rules and regulations. The employee will be placed on an improvement plan and may be placed on probation for a period of time to monitor more closely corrective action and improvements gained. More severe disciplinary measures will result if standards of performance are not met or if rules continue to be violated. Documentation should be placed in the employee's personnel file with approval from the divisional vice president and/or president.
3. **Suspension** – following counseling and written warnings, an employee may be required to remain off the job in a non-pay status for a specified period of time for disciplinary purposes; and, without warning, for more serious offenses. Immediate suspension may be ordered when circumstances make attendance at work dangerous to the employee or others, when an investigation is needed, or when circumstances may seriously impair the employee's effectiveness on the job. Written documentation is required for the employee's personnel file. Supervisor should discuss action with the divisional vice president and/or president.
4. **Discharge** – when discipline procedures have been used but performance has not changed or an employee has committed a major offense, the college may discharge the employee.

If an employee feels that the discipline has violated college policy or is unwarranted, the employee can file a complaint under the Complaint Appeal Procedure (Section IV – R). The decision of the Complaint Committee for employees is final.

5. **Retaliation** – This procedure seeks to encourage staff and faculty to express freely and responsibly their concerns about any possible instances of retaliation or any act of reprisal (e.g., interference, restraint, penalty, discrimination, coercion or harassment) --overt or covert-- by a college faculty member, employee, agent, or student against another who is responsibly using this procedure interferes with free expression and openness. Such acts violate this procedure and require prompt and appropriate disciplinary action.

R. Dismissal of Employees after Probationary Period

All MDCC employees must follow the "chain of command" in communicating concerns in their immediate area. An organizational chart (see appendix) illustrates the flow of communication through immediate supervisors/chairs through Vice Presidents culminating with the President. Action that is taken ignoring the organizational procedure may result in an official reprimand and/or a probationary period.

1. Termination or Suspension of Employment

For reasons of malfeasance, inefficiency, contumacious conduct, incompetency, insubordination, neglect of duty, immoral conduct, intemperance, brutal treatment of a student, embezzlement, fraud, harassment, unlawful drug or alcohol use, or other good cause

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

the President may dismiss or suspend any faculty/staff member prior to the normal expiration of the employee's contract or employment period. Before being so dismissed or suspended, any faculty/staff member shall be notified by the appropriate Vice President of the charges against him/her and he/she shall be advised by the appropriate administrator that he/she is entitled to the due process procedures outlined under the Complaint Procedures Concerning Termination, Suspension, and Non-renewal of Contract. In the event the continued presence of said employee on college premises poses a potential threat or danger to the health, safety or general welfare of the students, or, in the discretion of the President, may interfere with or cause a disruption of normal college operations, the President may immediately release said employee of all duties pending a hearing if one is requested by the employee. In the event a faculty/staff member is arrested, indicted or otherwise charged with a felony by a recognized law enforcement official, the continued presence of the employee on college premises may be deemed to constitute a disruption of normal college operations, depending on the college's own investigation of the charges pending.

In the event that a faculty/staff member is immediately relieved of duties pending a hearing, as provided in this section, said employee shall be entitled to compensation for a period up to and including the date that the initial hearing is set by the Board of Trustees in the event that there is a request for such a hearing by the employee.

2. Non-Renewal/Termination of Employment

- a. Non-Contractual Employee – The President has the right to non-renew or terminate the “at-will” non-contractual employee with written notice to the employee with no cause required. This applies to both full-time and part-time employees.
- b. Contractual Employee – Will be notified by the appropriate administrator by April 15 of the current contract year. The April 15 deadline may be altered, amended, changed, or even eliminated based on budgetary and financial appropriations or reductions from any source that provides money or funding to the College. Further, the College may not know what its funding position and status for any year may be until after the April 15 deadline, and the College reserves the right to alter, move, or eliminate the April 15 deadline as needed in its discretion. When a contract is not renewed, the employee will be entitled to the due process procedures outlined under the Complaint Procedures Concerning Termination, Suspension, and Non-renewal of Contract.
- c. Complaint Procedures Concerning Termination, Suspension, and Non-Renewal of full-time CONTRACTUAL employees only.

The complainant desiring to appeal to the Board of Trustees may do so within five (5) college working days following official notification of termination, suspension, or non-renewal of contract. Complainants appealing to the Board of Trustees shall request a hearing in writing, signed and dated, and presented to the President of the college, who will forward the complaint to the Chairperson of the Board of Trustees. The Board, upon receipt of a request for a hearing, shall follow procedures stated below. In the event that a faculty/staff member does not request a hearing within five (5) calendar days of the date of the notice of termination, suspension, or non-renewal, it shall constitute a waiver of all rights by said employee and such termination or suspension shall be effective on the date set out in the notice to the employee.

- a. The Board of Trustees, upon request for a hearing from an employee, shall set the time, place and date of such hearing and notify the employee in writing of the same. The date shall be set not

sooner than five (5) days and no later than thirty (30) days from the date of the request, unless otherwise agreed. The hearing may be held before the Board or before a hearing officer or hearing committee appointed for such purpose by the Board, either from among its own membership, from the staff of the college or some other qualified and impartial person, but in no event shall the hearing officer be the President.

- b. The employee shall be afforded an opportunity to present matters at the hearing relevant to the reasons given for the determination of suspension or dismissal and to the reasons the employee alleges to be the real reasons for such and to be represented by counsel at such a hearing. Such hearing shall be conducted in such a manner as to afford the employee a fair and reasonable opportunity to present witnesses and other evidence pertinent to the issues in his/her behalf and to cross-examine witnesses against the employee. The Board or the hearing officer may require any portion of the evidence to be submitted in the form of depositions or affidavits, and in case affidavits are received, an opportunity to present counter-affidavits shall be provided.
- c. The Board may request stenographic notes be made of the proceedings. In the event of a judicial appeal of the Board's decision, the entire expense of the transcript and notes shall be assessed as court costs.
- d. The Board shall review the matters presented before it, or, if the hearing is conducted by a hearing officer, the record of the proceedings and, based solely thereon, conclude whether the non-reemployment determination of suspension or dismissal is a proper employment decision, and shall notify the employee in writing of its final decision and reason therefore. Such notification shall be within thirty (30) days of the conclusion of the hearing if the hearing is conducted by a hearing officer and within ten (10) days of the conclusion of the hearing if the hearing is initially conducted by the Board. If the matter is heard before a hearing officer, the Board shall also grant the employee the opportunity to appear before the Board to present a statement in his/her own behalf, either in person or by his/her attorney, prior to a final decision by the Board.
- e. In conducting a hearing, the Board or hearing officer shall not be bound by common law or by statutory rules of evidence or by technical or formal rules of procedure but may conduct such hearing in such manner as best to ascertain the rights of the parties; provided, however, hearsay evidence, if admitted, shall not be the sole basis for the determination of facts by the Board or hearing officer. In the event the decision of the Board of Trustees is in favor of the employee, the Board shall have the authority to order the execution of a contract with the employee for an additional period of one (1) year.
- f. For purposes of conducting hearings, the Board or hearing officer shall have the authority to issue subpoenas for witnesses and to compel their attendance and the giving of evidence. Any expense connected therewith shall be borne by the party requesting the subpoenas, which shall include an appearance fee for each witness so subpoenaed not inconsistent with state laws governing payments to witnesses.

In the event it is necessary to enforce or to quash a subpoena issued to compel the attendance of a witness, application shall be made with the chancery court of the county where the Board is located.

- 3. Whether contractual or non-contractual, the college reserves the right to immediately dismiss any employee, contractor, agent, or representative who poses any type of immediate threat or danger to

the college, its students, employees, or anyone else.

4. No employee of the college may also be a contractor for services or goods or an independent contractor for or with the college.

S. Resignation/Departure

Any employee who wishes to resign at the termination of his/her contract may do so by written notification to the President. A faculty member should inform the President of intended termination of service to the college by April 1, preceding the end of the college year.

Upon departure from Mississippi Delta Community College, all employees must complete and sign an Employee Clearance and Exit Interview Form. The form may be obtained from the Business Office, Human Resources paycheck Office, or printed from the MDCC website. This form **must be completed** before the employee's final is released.

T. Summer Employment

Faculty appointments are for a period of each instructor's contract. A part of the regular faculty will be asked to teach during the summer term. The criteria for summer employment will be based upon the number of students, variety of courses demanded, instructors' request, instructors' qualifications, and on a rotation basis when possible.

U. Outside Employment

The policy of the Board of Trustees concerning outside employment by administrators or faculty is that this employment must have the approval of the President of the college. It must not interfere with the satisfactory performance by the employee of the college or violate the determined teaching load or its equivalent as required by the accreditation standards. Faculty members shall be expected to guard against the assumption of outside responsibilities that might create encroachments upon either the quality or quantity of the work they are employed to perform for Mississippi Delta Community College.

V. Athletic Volunteer Services

Mississippi Delta Community College may accept volunteer services from qualified individuals. All volunteer services must be recommended by the head coach of the sport for which services will be utilized and must be recommended by the Athletic Director and must be approved by the President of the college. Recommendations should be made on the college's "Volunteer Services Agreement" form (see appendix) and should specify services to be volunteered. Volunteers must agree to the stipulations in the agreement.

Volunteers receive no remuneration from the college for the services rendered. The volunteer will receive no benefits, scholarship, insurance, or workers' compensation. The volunteer will not represent himself or herself as an employee, agent, representative, or contractor for the college.

No volunteer will be allowed to drive a Mississippi Delta Community College vehicle. No volunteer will be placed in a supervisory position with athletes.

The volunteer coach will not be allowed to work one-on-one with a student athlete or small group without a full-time assistant coach or head coach present. Anytime the volunteer coach is performing a duty with a

team or group, a full- time assistant or head coach must be present.

The volunteer coach must pass a background check before he or she can be approved by the college. Any violation of the above-mentioned criteria will call for termination of the volunteer coach and possible full-time assistant or head coach.

W. Leave

Medical Leave Policy:

Mississippi Delta Community College will provide a medical leave program for all full-time employees.

Medical leave, with pay, up to 15 working days (10 hours per month) will be granted to full-time employees for each fiscal year. The college will advance earned medical leave of 1.25 days per month to all full-time employees beginning the first day of employment. Unlimited medical leave may be accrued on continuous employment.

When accrued leave is depleted, employees shall be taken off the payroll. If an employee does not use allocated days during the college year, the employee may accumulate any remaining days. Upon retirement or termination from active employment, the college will not compensate an employee for unused medical leave; however, unused medical leave will count as creditable service for the purposes of the retirement system.

Medical leave may be used for actual periods of temporary disability caused by personal illness or injury. Leave for medical or dental appointments are considered medical leave. Medical leave may be used for the illness or death of a member of the immediate family of the employee (i.e., spouse, children, parents, siblings, grandparents, and grandchildren). Such leave may be granted for funerals of others provided prior and proper approval is given.

For each absence of three consecutive days due to illness, the college will authorize medical leave only when certified by a medical doctor. An employee may use no more than three days of medical leave for illness or death of a family member without prior approval.

Medical leave that causes absences beyond two (2) weeks will require a doctor's Fitness for Duty Report. When deemed advisable, the immediate supervisor may require a doctor's **Fitness for Duty Report** for sick leave absence of any duration.

Employees who have an unusual situation consistent with the intent of this policy may submit such facts and circumstances to the President for special consideration.

Procedure:

1. Employees must notify their immediate supervisor within a reasonable time of an absence for medical purposes.
2. Employees must submit their leave request to their immediate supervisor for approval seven days before the requested leave date by utilizing the electronic time clock system.
3. Employees will be notified via email through the electronic time clock system whether their leave request is approved.

Donated Leave for Catastrophic Illness or Injury Policy

MDCC employees may donate accrued personal or major medical leave to another state employee who is suffering from a catastrophic injury/illness or to another employee who has a member of his/her immediate family who is suffering from a catastrophic injury or illness according to Regulation 51 of the Public Employees' Retirement System:

Leave donated or transferred from one employee to another employee may ***not*** be certified to PERS as unused leave of the recipient employee. The accumulation of leave is personal to the individual employee. Only qualifying leave which has actually been accumulated by and which remains unused by the individual employee at termination of employment may be certified by PERS for service credit.

In order to donate leave, you must first file a request with the Office of Human Resources prior to the employee's absence from work. Once filed, a committee, appointed by the President, will review the request to determine if the person receiving donated leave meets qualifications of a catastrophic illness or injury.

Any employee who presents medical evidence that his/her physical and/or mental condition is such that the employee is disabled and cannot return to work may not use more than 120 days of unused paid sick leave from the date of disability.

Abuse of the medical leave policy by any employee shall be cause for disciplinary action.

Personal Leave Policy

Up to two days of accrued medical leave may be used by full-time employees (nine-month, ten-month, eleven-month, twelve-month contractual and non-contractual employees) during each fiscal year for personal business, etc., that requires that the employee be away from work.

Annual/Vacation Leave Policy

Mississippi Delta Community College will provide an annual leave policy for all full-time employees (contractual and non-contractual) employed for twelve months. All full-time twelve-month employees will accrue seven hours per month (10.5 days per year) for annual leave each fiscal year. Annual/vacation leave time earned will accrue and will not expire during continuous employment. Upon retirement or termination from active employment, the college will not compensate an employee for unused annual leave; however, unused annual leave will count as creditable service for the purposes of the retirement system. There is no set amount of annual/vacation leave time an employee may take within any academic year as long as the leave time has been approved by the employee's immediate supervisor. Any transferred leave by a new employee is subject to a waiting period of 12 months.

The College President reserves the right to reject an employee's request for annual/vacation leave even when approved by an employee's immediate supervisor for a valid educational reason.

Procedure:

1. Employees must schedule annual leave days with immediate supervisors.
2. Employees must submit their leave request to their immediate supervisor for approval seven days before the requested leave date by utilizing the electronic time clock system.

Family and Medical Leave Act (FMLA)

A. Policy

It is the policy of Mississippi Delta Community College to authorize leaves of absence for employees pursuant to the requirements of the Family Medical Leave Act of 1993 (FMLA). This Policy summarizes the circumstances in which FMLA leave will be granted and describes the procedures for requesting leave. It does not confer any additional entitlement to leave beyond that required by the FMLA.

B. Types of Leave

The circumstances in which FMLA leave is available are governed solely by the FMLA and the regulations there under. The College's FMLA Policy does not confer any additional entitlement to leave. The following is a summary of the circumstances under which an eligible employee is entitled to leave under the FMLA.

1. Serious health condition of an employee: An eligible employee is entitled to twelve (12) work weeks of unpaid leave during any twelve month period because of a serious medical condition that renders the employee unable to perform his or her job.
2. Care of a spouse, child, or parent with a serious health condition: An eligible employee is entitled to twelve (12) work weeks of unpaid leave during any twelve month period to care for the employee's spouse, son, daughter, or parent, if such person has a serious medical condition.
3. Birth or adoption of a child: An eligible employee is entitled to twelve (12) work weeks of unpaid leave during any twelve month period to care for a child upon birth, adoption, or placement for foster care.
4. Circumstances arising out of active military service: An eligible employee is entitled to twelve (12) work weeks unpaid leave during any twelve month period due to a "qualifying exigency" arising out of the employee's spouse, son, daughter, or parent being on active military duty, or being called up to active military duty. A "qualifying exigency" will be defined in accordance with regulations promulgated by the U.S. Department of Labor.

Additionally, an eligible employee is entitled to twenty-six (26) weeks total leave to care for a spouse, son, daughter, or parent who suffered a serious injury or illness in the line of military duty. This type is available once; it does not recur every twelve month period.

C. Eligibility for Leave

FMLA leave is not available to all employees. You should check with the Office of Human Resources if you wish to utilize this leave to see if you are eligible. The Office of Human Resources can provide additional information regarding the Family and Medical Leave Act.

1. Duration of Employment
To be eligible for FMLA leave, an employee must have worked for the college for at least one year and have completed 1,250 hours over the twelve months prior to the commencement of the leave. The twelve-month period during which an eligible employee may take up to twelve (12) weeks of unpaid leave will be calculated by looking back over the preceding 12 months period immediately before the request of need for FMLA leave.
The college will use a rolling calendar to determine FMLA leave.

2. Serious Health Condition

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

Most types of FMLA leave require that the employee or a family member have some "serious health condition."

The FMLA provides a very specific definition of what conditions qualify, and what conditions do not. The following may help.

What is a "serious health condition"? A serious health condition is an illness, injury, impairment, or physical or mental condition that involves inpatient care (including any subsequent period of incapacity and any follow-up treatment) or continuing treatment by a health care provider. A serious health condition includes examinations to determine whether a serious health condition exists and evaluations of the condition. A serious health condition involving continuous treatment may include:

- a. incapacity lasting three days or more, and any subsequent period of related incapacity or treatment, in which you are treated two or more times by or on behalf of a health care provider, or in which you are treated one time with a resulting regimen of care under the provider's direct or indirect supervision;
- b. any period of incapacity due to pregnancy or prenatal care, regardless of duration or whether treatment is sought;
- c. any period of incapacity or treatment due to a chronic health condition (i.e., a condition which manifests itself in recurring episodes and requires periodic treatment visits), regardless of duration or whether treatment is sought;
- d. a period of incapacity due to a condition which is untreatable (e.g., Alzheimer's, terminal cancer), so long as the patient is under the care of a health care provider;
- e. any period of repeated absence to receive treatment by or on behalf of a health care provider for restorative surgery after an injury or for a condition which likely will result in a 3-day period of incapacity if left untreated; or
- f. any period of absence for substance abuse treatment under the care of a health care provider. What is NOT a "serious health condition"? "Treatment" does not include routine physical, eye or dental examinations. Therapeutic activity which can be initiated without a visit to the doctor (e.g., taking aspirin, drinking fluids or bed rest) is not a "regimen of continuing treatment." Conditions requiring cosmetic treatment are not "serious health conditions" absent complications or the need for inpatient care.

Absences due to the effects of alcohol or substance use are not "periods of incapacity."

The college, with information from your healthcare provider or other medical examinations, (i.e. second or third opinion) will determine whether the condition is a serious health condition under the FMLA. Employees requesting medical leave must provide an appropriately completed medical certification.

D. Leave Procedure

1. Requests for Leave

Employees must request leave in writing at least 30 days prior to the beginning of the leave unless the necessity for leave does not become known to the employee until a later date, in which case, the employee shall request the leave as soon as practicable on the date he or she becomes aware of the need for leave. Leave should be requested in writing on the Request Form which may be obtained from the Office of Human Resources. The employee shall also make a reasonable effort to schedule medical treatment so as not to unduly disrupt the college's operations, subject to the approval of the health care provider.

Employees will be required to support any request for FMLA medical leave with appropriate medical certification from an authorized health care provider, or certification of the birth, adoption, or placement of a child.

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

The college may request an employee's authorization to communicate directly with his or her health care provider to verify information relating to a leave request.

Follow-up medical certifications may also be required. Employees on leave may also be required to report from time to time on the status of their leave and their intent to return to work.

2. Benefits During Leave

Employees must make arrangements with the Office of Human Resources in advance of any FMLA leave with respect to the employee's job benefits (cafeteria plans, etc.) and their obligations in order to keep benefits and insurance in force. You will receive the same benefits while on FMLA leave as you receive while working, but you must pay your share of your group health insurance premium in order to maintain your coverage. If you fail to do so within 30 days of the premium due date, your insurance may be terminated, as permitted by law. If the college chooses to pay on your behalf your share of the unpaid premium, the college may recover it from you at the end of the leave period by deducting it from your paycheck, or some other appropriate collection method.

3. Intermittent Leave and Reduced Work Schedules

FMLA leave may be taken intermittently or on a reduced work schedule when medically necessary to care for a seriously ill family member or when the employee is seriously ill and unable to work. Appropriate and sufficient medical certification must be provided to the college before such leave may be taken. The college reserves the right to transfer employees taking intermittent leave or working a reduced work schedule to an alternative position.

4. Return from Leave

Employees must provide appropriate medical authorizations or fitness-for-duty certificates prior to their return to work. Upon an employee's timely return to work from FMLA leave, most employees will be returned to their former job or an equivalent job, with no loss in benefits.

E. Limitations

It is the college's policy that any employee requesting FMLA leave must simultaneously use any other accrued leave available to the employee under the college's leave policies (i.e.: vacation, sick days, sick leave).

Leave beyond the specified period of FMLA leave will be administered under the college's leave of absence policy. Medical leave for a serious health condition of the employee may be extended beyond the twelve-week period in accordance with the medical leave policy of the college.

Workers’ Compensation Insurance will pay in accordance with statutory requirements of Mississippi. The rate of pay is two-thirds (2/3) of the employee’s regular pay.

EE. Faculty and Staff Campus Housing

The Board of Trustees for Mississippi Delta Community College recognizes that adequate rental housing is limited in Moorhead and, if available, such housing would not command the rent rates that would be comparable to that charged in larger Delta towns and cities. The Board is also aware that the faculty/staff housing facilities located on the Moorhead campus are an important factor in the recruitment and retention of qualified personnel.

The Board acknowledges that having employees such as athletic coaches and other personnel (including administrative, instructional and support staff) living on or near the campus provides 24/7 local assistance when dealing with issues which may arise in student housing, at after-hours activities and in emergency situations. Additionally, faculty/staff that live in campus housing enhance campus life by attending and supporting student activities after regular office hours. Having this philosophy, the Board has set the following policy.

Policy:

The college housing facilities shall remain debt free and self-supporting.

The Vice President of Business Services will establish a separate account within the college Auxiliary Fund for faculty/staff housing facilities rental income.

The Vice President of Business Services is authorized to transfer a specified sum from the current rental

The President or the President's designee will determine faculty/staff housing assignments. Houses will be assigned and presented to the Board by the President as part of the complete employment package.

The employee/tenant is expected to keep the premises neat and clean, inside and outside, at all times.

Introduction and Purpose

The purpose of the MDCC Information Network is to support the overall educational mission of the college, in accordance with college policies. Access to the network and its resources is a privilege. Network users must respect the rights of others and the integrity of the components of the network.

This policy governs the use of all computers, computer-based networks, and related hardware and software at Mississippi Delta Community College. Under federal statutes and the sections of the Mississippi code that regulates the use of these resources, the college is required to ensure that this equipment and software are used properly, and for the purpose for which state funds were expended. The intent of this policy is to allow maximum freedom of use consistent with state and federal law, college policy and a productive work environment.

Scope

This policy applies to all college faculty, staff, administrators, students, and members of the community who use the college network resources. It covers all computing hardware that is connected to the network, including microcomputers, printers, and the college midrange computer. It also includes all network infrastructure: data wiring and fiber optic cable, routers, switches, hubs, servers, data connectors, and all other associated hardware, software, and materials.

The following types of software are covered under this policy: operating systems, network software, compilers, and all instructional and application software defined as “supported by the college”.

The following categories of data systems are included: the administrative and student information system and data that have been collected or generated by the college.

General Statements

Training – Provided for administration, faculty and staff as new hardware, software and services are made available. Prior to receiving access to the network, each employee must demonstrate a satisfactory level of proficiency in certain areas such as proper use of passwords, how to access the Internet, e-mail, administrative software, and other application software. Administration, faculty, and staff are encouraged to attend workshops and classes at off-site locations provided sufficient funds are available in the departmental budgets. Training will be made available to new hire employees at the time of their employment.

Network Access– Network access is controlled by passwords, and the level of access granted is determined by a user's job- related or educational requirements.

Password Policy – Construction

The best security against a password incident is simple: following a sound password construction strategy. The organization mandates that users adhere to the following guidelines on password construction:

- Passwords should be at least 8 characters.
- Passwords should be comprised of a mix of letters, numbers and special characters (punctuation marks and symbols)
- Passwords should be comprised of a mix of upper and lower case characters.
- Passwords should not be comprised of, or otherwise utilize, words that can be found in a dictionary

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

- Passwords should not be comprised of an obvious keyboard sequence (i.e., qwerty)
- Passwords should not include "guessable" data such as personal information about yourself, your spouse, your pet, your children, birthdays, addresses, phone numbers, locations, etc.

Creating and remembering strong passwords does not have to be difficult. Substituting numbers for letters is a common way to introduce extra characters - a '3' can be used for an 'E,' a '4' can be used for an 'A,' or a '0' for an 'O.' Symbols can be introduced this way as well, for example an 'i' can be changed to a '!'.

Another way to create an easy-to-remember strong password is to think of a sentence, and then use the first letter of each word as a password. The sentence: 'The quick brown fox jumps over the lazy dog!' easily becomes the password 'Tqbfjotld!'. Of course, users may need to add additional characters and symbols required by the Password Policy, but this technique will help make strong passwords easier for users to remember.

Confidentiality

Passwords should be considered confidential data and treated with the same discretion as any of the organization's proprietary information. The following guidelines apply to the confidentiality of organization passwords:

- Users must not disclose their passwords to anyone
- Users must not share their passwords with others (co-workers, supervisors, family, etc.)
- Users must not write down their passwords and leave it unsecured
- Users must not check the "save password" box when authenticating to applications
- Users must not use the same password for different systems and/or accounts
- Users must not send passwords via email
- Users must not re-use passwords

Change Frequency

In order to maintain good security, passwords should be periodically changed. This limits the damage an attacker can do as well as helps to frustrate brute force attempts. The organization does not wish to apply any hard limits to when passwords must be changed, but asks that users exercise discretion and change passwords sporadically.

Accounts – Network accounts for employees are managed by the Information Technology staff. Requests for establishment or modification of employee accounts must be approved at the Department Chair/Supervisor level or above. Specific access granted to an employee account is subject to approval by the appropriate Department Chair/Supervisor with the guidance of the Director of Information Technology. Removal of an account occurs when the owner is no longer an employee of the college, or when disciplinary action is indicated. It is the responsibility of the employee's supervisor to notify the Information Technology staff within 24 hours of an account holder's separation from service.

Requests for user IDs and passwords to be deleted from the computer system when an employee is terminated should be submitted and approved using the Information Technology Request Form.

Student accounts and public accounts must be requested and maintained by the appropriate department under the supervision of the Information Technology staff.

Ethical Use – The network is for official college use only and must not be used for personal business,

It is recommended that each user make a backup copy of information on individual personal computers frequently. A disaster recovery plan is maintained by the Office of Information Technology. Users should not leave a terminal/computer unattended while signed on. A secure off-site facility will be provided for storage of backups, user documentation, copies of disaster plan, and critical forms. The college attempts to protect the network from intrusion from within and without. All suspected attempts to violate network security must be reported to the Director of Information Technology as soon as possible. If it is determined that a breach in network security has compromised sensitive information, the President of the college may request the aid of law enforcement to handle the investigation. The Office of Information Technology will periodically check for, and follow up on, security violations.

Disaster Recovery Plan – the Office of Information Technology maintains a Disaster Recovery Plan. All programs, files, folders, configuration and security information are saved on a daily basis. **Backup of individual personal computers is the responsibility of the individual user.**

Software Supported by the College – Software standards will be established and distributed by the Office of Information Technology. Only approved software will be supported and maintained. The support and maintenance of other software will be the responsibility of the user. Computer software should be properly registered to obtain updates and protect warranties or other legal rights.

Computer Hardware – Computer hardware should not be relocated or have components added or removed without coordination with the Office of Information Technology.

User requests – All requests for services which fall within the realm of Information Technology (telephones, e-mail, hardware, software, programming, network services and support, Internet access) should be submitted using the TrackIt Online Work Order System, and approved by the appropriate supervisor(s). If approved, the request will be directed to the proper technician for resolution.

Web Site – The college will operate a web site for the purposes of recruiting and disseminating college information. This service is operated and maintained by a webmaster. All requests concerning this area should be directed to the webmaster through the appropriate administrative channels.

Access to the Internet – The college provides Internet access through the college network to all employees and students having a network account. Internet access is intended only for official college business. The college discourages personal use of the Internet through the college network. The college does not condone access to sites which contain pornography and other sexually explicit material. The use of the Internet for pornographic or sexually explicit purposes, political purposes, illegal activity, profit-making ventures, or the harassment of individuals or organizations is considered a violation of college policy and will result in discipline up to and including termination. Users should be aware that the system logs all Internet sites which are accessed through the network. This information will be monitored on a regular basis through normal

E-Mail – An e-mail account is provided for each employee who has a network account. Sanctions – Employees: An employee found guilty of violating the terms of the “Information Network Resources Use Agreement” is subject to sanctions. If misuse of the network by an employee threatens the stability of the network, the Director of Information Technology will suspend network privileges immediately. Additional sanctions could include reprimand by the appropriate supervisor, dismissal, or criminal prosecution.

a) Students – A student found guilty of misuse of the network is subject to loss of network privileges, criminal prosecution, or other disciplinary action by the college.

QQ. Social Media Guidelines for Employees and Students

Personal Social Media Use

The lines between public and private, personal and professional are blurred with the use of online social media. By virtue of identifying oneself as an employee of the college, employees may act as a representative of the college. If an employee of the college chooses to create or participate in social media, the college expects each person to conduct him or herself with professionalism, courtesy and integrity.

Overview

MDCC defines social media as primarily Internet and mobile-based tools for sharing and discussing information among people. Examples of social media include, but are not limited to, Facebook, Twitter, Instagram, and YouTube.

The college's overall social media presence is intended to provide the college community with a venue to share information, thoughts, ideas and experiences through discussions, postings, photos, and videos. The purpose of using these communication channels on behalf of Mississippi Delta Community College is to support the college's mission, goals, programs, and sanctioned efforts.

The same laws, professional expectations and guidelines for interacting with students, parents, alumni, donors, media and other college constituents apply online as in the real world. MDCC reserves the right to block or remove the content of any post that violates campus policies, including but not limited to, harassing, threatening, or profane language aimed at creating a hostile or intimidating environment. Content may be removed at any time without prior notice for any reason deemed to be in the college's best interest.

These Social Media Guidelines apply to official MDCC social media accounts. TT. Campus Police Physical Fitness Examination

Due to the serious nature of the role of a Campus Police Officer, physical fitness and/or wellness is required as a basic requirement of employment. The College must take the necessary steps to ensure Campus Police Officers are physically fit, trained, and well-equipped to fulfill the duties and responsibilities of a Campus Police Officer. As such, all Campus Police Officers are required to complete a physical fitness test upon hire and annually thereafter. Notwithstanding, Campus Police Officers who have physical limitations that may restrict them from participating in the annual physical fitness examination should have medical documentation to support same. The medical documentation should clearly state the employee's physical limitations and/or restrictions and be signed by a licensed medical provider. The College will reasonably accommodate an employee with documented limitations and/or restrictions, provided that employee can perform the essential functions of the job position at issue.

While reasonable accommodations will be made, law enforcement officers must maintain a minimum level of fitness to be both hired and retained, and the College reserves the right to do job-related testing as is necessary to ensure that all officers can perform the essential functions of their job. The accommodation request should include an explanation of the pregnancy-related limitations, the accommodation needed and any alternative accommodation(s) that might be reasonable. 4.2 FACULTY EMPLOYMENT

Definitions:

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. 1. **Full-time Faculty:** *Employed by annual contracts. The length of a contract (9 – 12 months) depends on the subject matter taught and the source of funding for the salaries. Salaries are based on academic preparation and teaching experience.*
2. **Adjunct Faculty:** An “*at-will*” employee who is employed on an ‘as needed basis’. Adjunct faculty are hired to work one semester at a time. Hiring is determined by the total number of students enrolled in a course each semester. The normal load for adjunct faculty is limited to nine (9) hours. Dual Enrollment instructors are considered adjunct faculty.
3. **Part-time Faculty:** An “*at-will*” employee who is employed on an ‘as needed basis’. This employee is hired to complete a semester. The employee may be hired at the beginning of a semester or during a semester, but less than a year.

The College employs an adequate number of full-time faculty to support the mission and goals of the institution. MDCC defines adequate as meeting institutional needs such as enrollment and accreditation standards. The Vice President of Instruction coordinates with the College's instructional deans to monitor the number of faculty and to recommend appropriate positions for hire to the President for approval.

A. Academic and Professional Preparation

Teaching is the primary responsibility of all full-time faculty members as stipulated in their contracts of employment.

Mississippi Delta Community College (MDCC) employs competent faculty members qualified to accomplish the mission and goals of the institution utilizing the following guidelines:

1. Faculty teaching general education courses at the undergraduate level: doctorate or master’s degree in the teaching discipline or master’s degree with a concentration in the teaching discipline (a minimum of 18 hours graduate semester hours in the teaching discipline).
2. Faculty teaching associate degree courses designed for transfer to a baccalaureate degree: doctorate or master’s degree in the teaching discipline or master’s degree with a concentration in the teaching discipline (a minimum of eighteen (18) graduate semester hours in the teaching discipline).
3. Faculty teaching associate degree courses not designed for transfer to the baccalaureate degree: bachelor’s degree in the teaching discipline or technical courses, or associate’s degree and demonstrated competencies in the teaching discipline.
4. Faculty teaching career courses not designed for transfer: high school diploma and demonstrated occupational competency in the teaching area.

When determining acceptable qualifications of the faculty, MDCC gives primary consideration to the highest earned degree in the discipline. In the event that a faculty position must be filled and none of the applicants meet the appropriate guidelines above, the institution also considers competence, effectiveness, and capacity, including, as appropriate, undergraduate and graduate degrees, related work experiences in

the field, professional licensure and certifications, honors and awards, continuous documented excellence in teaching, or other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes. In all cases, MDCC accepts the responsibility for justifying and documenting the qualifications of faculty.

B. Faculty Compensation

The President of the college sets the criteria for the instructor salary schedule at Mississippi Delta Community College. The Board of Trustees of the institution approves the schedule as the budget is approved each year.

The President bases salary increases on clearly stated criteria as mandated by the Mississippi State Legislature.

Instructors' Salary Guide:

1. Instructors' qualifications at the time initial contracts are issued determine salary.
2. The Vice President of Instruction must approve hours taken after the adoption of the salary guide. The Vice President of Instruction will only consider hours in a planned program in the instructor's teaching disciplines to affect the salary scale.
3. One-half year will count as a full year at the time an instructor is placed on the salary scale. (adjunct instructors – three (3) semesters equals ½ year)
4. The college will accept teaching experience, high school or above with other educational or related systems, at full value.
5. Prior to enrolling in additional hours for salary purposes, a faculty/staff member must first submit a plan to the Vice President of Instruction for approval. If approved, the Vice President of Instruction will then submit the plan for approval to the President of the college. The plan must include additional hours that are related to the faculty/staff member's area of teaching and/or duties before being considered for additional salary.

C. Academic Freedom and Professional Security

1. Academic Freedom

In the development of knowledge, research endeavors, and creative activities, college faculty and students must be free to cultivate a spirit of inquiry and scholarly criticism. They must be able to examine ideas in an atmosphere of freedom and confidence and to participate as responsible citizens in community affairs. Academic freedom must be subject to the self-restraints imposed by good judgment and public support of the institution. The faculty member must fulfill his/her responsibility to society and to his/her profession by manifesting academic competency, scholarly discretion, and good citizenship. At no time will the principle of academic freedom protect an incompetent or negligent faculty member, nor will it prevent the institution from proper efforts to evaluate the work of each faculty member. Faculty complaints concerning academic freedom are addressed through the Complaint Procedure for all employees.

2. Professional Security

Each full-time faculty member receives an annual contract which includes the terms and conditions of employment. Although tenure is not granted to community college faculty, the Board of Trustees approves contract renewal each year. The Department Chairs make recommendations of faculty members to the Vice President of Instruction in March. **The names of faculty members who are recommended for dismissal or termination should be submitted to**

The college urges faculty members to strive toward professional improvement by attending summer school, affiliating with professional organizations, and attending professional meetings. The college also encourages faculty members to keep abreast of current trends and changes in specialized, technical and career areas. The college provides opportunity for instructors to participate in national, regional, state and district professional meetings and workshops. Instructional budgets include funds allocated for travel to these meetings. Department chairs keep records documenting participation in and recognition received for professional development.

The college rewards faculty for professional development that results in a higher earned degree with salary increases.

Faculty and Staff Scholarship Opportunities

Mississippi Delta Community College (MDCC) offers a **tuition scholarship for one course per semester** to all full-time faculty and staff to be taken after regular office/working hours. Part-time faculty and staff are eligible for a tuition scholarship for one course per year. Additionally, Mississippi Community College Board (MCCB) full-time staff are eligible for a tuition scholarship for one course per semester. MCCB part-time staff are eligible for a tuition scholarship for one course per year. To remain eligible, the student must maintain a 2.0 or higher grade point average on earned credit.

Reciprocal Scholarship for Faculty and Staff

It is the responsibility of the employee to meet regular admission requirements of the institution.

1. **Delta State University** has entered into an agreement that will provide faculty and staff at any Mississippi Community College with a new and attractive benefit option. Full-time employees will receive a reduction of one-half tuition. The employee must meet the regular admission requirements of the institution. The scholarship is available for regular academic sessions, vocational education programs, and academic credited continuing education courses. An application must be completed in Human Resources two (2) weeks before each semester begins to request tuition remission. The community college will not accept applications unless employment has been verified by Human Resources.

(Eligible employees must take courses at the reciprocal institution after regular office/working hours)

This policy is effective spring 2015 for new enrollees and effective fall 2018 for students currently enrolled under the previous reciprocity agreements.

Faculty and Staff Dependent Scholarships

MDCC offers a **full-tuition scholarship** per semester (including summer school) to dependents and spouses of full-time faculty and staff, as well as to dependents and spouses of full-time Mississippi Community College Board (MCCB) employees.

To remain eligible, the student must maintain a 2.0 or higher grade point average on earned credit. Eligible dependents who also qualify for other institutionally funded tuition scholarships (academic, activity, athletics, etc.) maybe asked to choose which scholarship best meets his/her financial needs.

Institutionally-funded tuition based scholarships, including this scholarship, cannot be “stacked.” If another institutionally funded tuition scholarship is accepted, this scholarship allows a book and supply allowance of up to \$500.00 per year. If the dependent student receives funds from an outside scholarship (Example: WIA) which pays tuition and other specific expenses, the student should contact the financial aid office for assistance in calculating eligibility for the MDCC and MCCB Dependent Scholarship. Remember this scholarship only covers charges generated by credit hour generating courses.

Scholarship forms must be submitted four weeks in advance of the semester requested for tuition remission along with proof of legal guardianship for dependent children and marriage license for an employee’s spouse.

MDCC and Delta State University have established a tuition exchange program for dependent children of full-time faculty and staff. The Tuition Exchange (TE) Scholarship allows three (3) MDCC students who are legal dependents of full-time MDCC faculty/staff and who graduated from MDCC to attend DSU with a **50% tuition remission** for an undergraduate program of study. The scholarship forms will be processed on a first come, first serve basis. The date such scholarship request is received in the office of Human Resources will determine the order of approval. To be eligible, students must meet the academic standards and criteria for admission to Delta State University. Selected students must be admitted as full-time students in an undergraduate degree program. This scholarship is available for a maximum of two years (four semesters) of full-time academic study and can be applied to fall and spring semesters (summer is excluded). Selected students are expected to meet the satisfactory academic progress standards of DSU for continuation of scholarship eligibility. Scholarship forms should be submitted **4 weeks in advance** of the semester requested for tuition remission. Faculty provide the course syllabi to students at the beginning of the semester.

The same syllabi are to be used at all sites in order to ensure consistency in the instructional program.

J. Involuntary Withdrawal Policy

Definition: MS Delta Community College is committed to the holistic welfare of its community members. Therefore, a student may be involuntarily withdrawn from the College if it is determined that the student presents a danger to self or others. A decision for involuntary withdrawal will only be made after less drastic measures have been considered and rejected as inappropriate or insufficient for the given situation. Prior to any involuntary withdrawal, a student will be encouraged to withdraw voluntarily.

Standards: The standard for involuntary withdrawal is clear and convincing evidence that the student represents a danger to self or others. Examples of such circumstances include, but are not limited to students threatening themselves or other individuals with severe bodily harm, students who are not able to care for their own basic needs to the extent that their lack of self-care represents a threat to the health of the campus community, and/or students exhibiting extremely bizarre or destructive behavior to self or others. This policy may not be used to involuntarily withdraw a student simply because he or she exhibits eccentric or unusual behavior.

Evaluation: Decisions for involuntary withdrawal will be made by a Student Care Team (SCT) representing service areas that may include but are not limited to Student Services, Campus Police, Counseling, Resident Life, and Disability Support.

Prior to involuntarily withdrawing a student, SCT may require that the student undergo a mandatory assessment. The evaluation will not be required if SCT believes that such an assessment will not be helpful in arriving at a decision.

Process: A student who is being considered for involuntary withdrawal shall be notified in writing by SCT. If the student would like to request a hearing before SCT, he/she must request a hearing in writing within 48 hours of the initial notification. If a student requests a hearing, it will be conducted as soon as possible, but no later than seven calendar days after the request is made, unless both the student and SCT agree that a further postponement is necessary. While the hearing is pending, SCT may, for safety reasons, prohibit the student from being on campus or limit other student privileges or access to College facilities or resources.

Hearing: The hearing will be informal. The student may bring a parent, an advisor, or a mental health professional to the hearing. The student will be allowed to present any evidence that he or she believes demonstrates that involuntary withdrawal is not necessary. If a student fails to appear at a scheduled hearing, SCT may, at its discretion, conduct the hearing in the absence of the student. The Chair shall be from the Office of Student Services or another designee of the President. Other than questions asked by the Committee, all questioning of a witness shall be made through the Chair, who shall make all determinations regarding the relevancy or admission of testimony, information, or written materials. A tape recording shall be made of the proceedings. The hearing may be recessed to gather further information if necessary. The deliberation of the Committee shall be private and shall not be recorded. The decision to involuntarily withdraw or place other restrictions upon a student's participation or presence at the College shall be made by a majority of those present based upon fundamental fairness, the information presented, and the individualized objective assessment of the student's particular circumstances. The student shall be informed in writing.

Appeal: Within five business days from the delivery of the decision of the Committee, the student may request, in writing, that the Dean of Student Services or his/her designee review the Committee's decision. Within three days of the receipt by the Dean of Student Services of a notice of appeal from a student, both SCT and the student will submit written reports to the Dean of Student Services for review. No hearing will be made upon appeal. The Dean of Student Services will rule as soon as possible, but no later than seven days after the receipt of the written reports from SCT and the student. The review shall be limited to whether the proper procedures were followed and whether the decision is supported by the record. The student shall state in writing the specific issues the student wishes the Dean of Student Services or designee to consider. The Dean of Student Services or designee may do the following:

- affirm the decision,
- modify the decision,
- remand the matter back to the Committee for further proceedings or consideration, or
- reject the decision.

The decision of the Dean of Student Services or his/her designee is final.

Readmission: A student who is involuntarily withdrawn, or who has been the subject of a decision restricting activities, may not re-enroll, be readmitted, or have the restriction lifted, without the approval of the Committee. Approval may be granted only if the Committee determines, by simple majority vote, that in its judgment the conditions that caused the significant risk and resulting involuntary withdrawal or restriction are no longer present or that they have been or can be safely mitigated or managed. The Committee may request any information, documentation, or evaluation that it deems necessary. The student may appeal the readmission decision to the Dean of Student Services or his/her designee, whose review shall be limited to whether the decision is supported by the record. The decision of the Vice President or his/her designee is final.

Fees: The normal policies and procedures for the entry of grades or fee refunds for students who withdraw during an academic term, as described in College policies, will apply to students who are withdrawn pursuant to this policy.

Deviations: Reasonable and documented deviations from these procedures will not invalidate a

The Office of College Advancement and Alumni Affairs assumes the responsibility of sharing its goals with the public, college employees, and alumni.

A. Fundraising

1. College Fundraising (Foundation):

The Foundation is the official fundraising arm of the college and shall solicit gifts in the name of the Foundation and on behalf of the college.

It is the responsibility of the Foundation to coordinate all college fundraising activities of Mississippi Delta Community College subject to final approval by the President.

A proposal will be considered if it supports the purpose of the college and benefits its community. The proposal should be presented on the Foundation Fundraising Form. <https://msdelta.formstack.com/forms/fundraisingapprovalrequest>

Following approval and implementation of a college fund-raising activity from the President of the college and the MDCC Development Foundation Board, the Foundation Board evaluates the fund-raising activity based upon their observations and a report from the Office of College Advancement and Alumni Affairs.

The MDCC Development Foundation, Inc. is a 501(c)3 entity. The college acknowledges the separate and independent nature of the Foundation, and the Foundation acknowledges the separate and independent nature of the college.

Each agrees to cooperate with the other in advancement, achievement, and support of the educational programs and services of the college. Laws of the State of Mississippi and Charter of the Mississippi Delta Community College Development Foundation determine policies and procedures for fund raising activities for the Foundation. The Foundation frequently consults and reports updates of activity to the MDCC administration to ensure that all fund raising activities are directly related to the mission and goals of the college.

Any student club, program club, or any other organization holding fund-raising events through the name association of Mississippi Delta Community College must be a “recognized” club and have a club fund in the Business Office.

Exceptions to this will be fundraisers such as the Nursing Excellence Banquet that is used to raise money for scholarship nursing students. publications of the college. All college materials including programs, invitations, and publications are channeled through the appropriate administrative channels for approval before being submitted to the Office of Public Relations for proofing and assistance with communication. The office also coordinates all advertising efforts at MDCC.

6.4 FINANCIAL RESOURCES

Mississippi Delta Community College exercises control over all its financial resources. Mississippi Code of 1972, Section 37-29-71, gives MDCC's Board of Trustees the legal authority and responsibility for the institution's financial stability. The Board of Trustees is required to prepare and approve the institution's budget and review all expenditures to ensure the College is financially stable.

The Board of Trustees authorizes the President executive authority over the financial resources. The President, in turn, authorizes the Vice President of Business Services authority over the college's financial resources, as well as, the responsibility for establishing and communicating policies and procedures to ensure appropriate levels of control.

A. Financial Resources

Mississippi Delta Community College provides sufficient available financial resources to support all of its programs. The general operating funds of this institution include tuition, local appropriations from its seven supporting counties, state appropriations, federal grants and contracts, state grants and contracts, and interest income.

B. Organization for the Administration of Financial Resources

All business and financial functions of Mississippi Delta Community College fall under the direct supervision and control of the Vice President of Business Services who reports directly to the President of the college.

The Vice President of Business Services oversees budget planning throughout the college. Board members are mailed a copy of the proposed detailed budget several days in advance of the regularly scheduled board meeting designated for budget approval. The budget is then formally presented to the Board by the President and its approval is reflected in the Board minutes.

The President also presents bills for approval at the monthly board meetings.

C. Budget Planning

The budget of Mississippi Delta Community College is prepared in accordance with the stated mission and goals of the college.

The budget, prepared in sufficient detail on a cash basis, is based on overall processes of the previous year and anticipated revenues (contingent upon tuition and such revenues as state funding).

The mission and goals of the college, internal and external data collection, and results of quantitative and qualitative evaluation results are the basis for the development of annual goals, objectives, and strategies to accomplish outcomes at the department, program, and division/unit levels. Each department, program, and division/unit establishes clearly defined goals and objectives for the current academic year. Methods

Mississippi Delta Community College does not discriminate on the basis of age, race, color, national origin, religion, sex, sexual orientation, gender identity or expression, physical or mental disability, pregnancy, or veteran status in its educational programs and activities or in its employment practices. The following person has been designated to handle inquiries regarding the non-discrimination policies: Waunita Roberts Jones, Executive Director of Human Resources, Stauffer-Wood Administration Building, Suite 144, Office 145, P. O. Box 668, Moorhead, MS 38761, 662-246-6309; EEOC@msdelta.edu.

of evaluating objectives are determined by each individual department, program, and division/unit.

Each department, program, and division/unit develops a budget request that reflects meeting their outcomes from their stated goals.

D. Budget Preparation

The preparation of the college's annual budget involves all instructional personnel, as well as major non-instructional personnel.

Department chairs or supervisors are asked to meet with members of their departments to estimate their expenditures based on the department's goals set for the academic year on forms provided by their respective vice president. These forms are turned in to their respective supervisors, who will submit the budget requests to the appropriate vice president who will in turn submit the budget requests to the Vice President of Business Services and the President.

The Budget Committee is made up of the President, Dean of Business Services, Dean of Planning and Assessment, Vice President of Student Services, Vice President of Business Services, Vice President of Enrollment, Vice President of Instruction and Accreditation/ Provost. The budget committee will meet to review budget requests in order to determine mandatory budget needs.

Budget hearings are held as needed or requested. The Vice President of Business Services will then prepare the budget. If needed, the Budget Committee will meet to make any necessary decisions in order to balance the budget.

Upon finalization and before implementation, the Vice President of Business Services will present the next fiscal year's budget to the Board of Trustees for approval.

E. Budget Control

Once a fiscal year's budget has been approved, appropriate methods are established to ensure budgetary control. The Vice President of Business Services, who reports to the President of the college, handles internal supervision of the approved budget.

Monthly budget reports are presented to each vice president and to each department chair or supervisor to guide them in staying within their budget.

The Board of Trustees' Finance Committee meets monthly to review the college's financial standing.

When conditions require college-wide budget revisions, the revisions are recommended to the President by the Vice President of Business Services.

After a careful study of the present budget status, the President presents the budget revisions to the Board of Trustees for its approval. It is the responsibility of the President, the Vice President of Business Services, and the President's Cabinet to stay within the budgeted funds and to make appropriate purchases. The Board of Trustees focuses on matters of board policy and not on details of the budget.

Budget revisions are then given to the appropriate vice president and department chair or supervisor. For revisions required at the department level budget, the department chairs or supervisors, vice presidents, and the Vice President of Business Services handle the necessary revisions.

Each member of the President's Cabinet is responsible for their individual division's budget as defined by the college's organizational charts.

F. The Relationship of an Institution to External Budgetary Control

State purchasing laws help protect the college from external agencies. The college recognizes the fact that the enforcement of budgetary law is imperative; however, the educational function of the college is not controlled by the use of budgetary techniques or controlled by financial officials outside the institution.

G. Accounting, Reporting, and Auditing

MDCC's accounting manual, used for all its business practices, is prescribed by the Mississippi State Department of Audit and follows generally accepted accounting principles.

The financial statements are audited annually by the State Department of Audit or a CPA firm approved by the State Department of Audit. This annual audit is conducted by independent certified public accountants in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States and Office of Management and Budget Circulars A-110 and A-133. The Vice President of Business Services prepares the annual financial statements audited by the State Department of Audit or by the approved CPA firm. The President and the Finance Committee of the Board of Trustees are updated monthly on the status of the budget and on the financial status of the college by the Vice President of Business Services.

The audit report includes the following schedules:

1. Statement of Net Position
2. Statement of Revenues, Expenses, and Changes in Net Position
3. Statement of Cash Flow.

The report also includes:

1. Notes to the Financial Statement
2. Schedule of Expenditures of Federal Awards
3. Reports on Compliance of Internal Control
4. Report on Compliance with State Laws.

H. Inventory Control

The Vice President of Business Services supervises the computerized inventory process. New purchases are coded and reconciled in the capital outlay report on a monthly basis. Tags for new equipment are issued to department chairs or supervisors and then to the appropriate employees.

Each department is responsible for requesting a hand held scanner from the Inventory Control Coordinator on

a yearly basis and scanning their inventory. It is the responsibility of the person assigned to the equipment to locate and account for any equipment or furniture that isn't accounted for.

FURNITURE AND EQUIPMENT ARE NOT TO BE RELOCATED PRIOR TO COMPLETION OF A RELOCATION FORM.

Employees are to work with the Inventory Control Coordinator for disposing of deleted equipment and furniture. No furniture or equipment is to be disposed of prior to notification by the Inventory Control Coordinator.

College personnel are responsible for all equipment assigned to them. Damaged equipment should be reported to the immediate supervisor. Lost or stolen equipment should be reported to Campus Police immediately by phone and a police report should be obtained. A Lost or Stolen Property Affidavit Form must be submitted to the Business Office immediately with the police report attached.

The state purchasing procedures help protect the Vice President of Business Services from external influences. The Director of Information Technology works closely with the Vice President of Business Services in maintaining an accurate inventory.

The State of Mississippi's Department of Audit regulations state that "should the person responsible for the property be found negligent and/or irresponsible for the security of the equipment, that individual must pay the replacement cost" and the college adheres to that mandate.

- All qualifying equipment (value over \$500 and other certain equipment) is accounted for in the Fixed Asset Reports. On a monthly basis there is a reconciliation of additions to those accounts. All equipment is tagged and an inventory list is provided to the Department Chair or Supervisor who is responsible for accounting for its whereabouts.
- Items are booked at cost or in case of a donated asset, booked at fair-market value. Updated inventory lists are submitted to the vice presidents and department chairs or supervisors twice a year in order that inventory items can be verified as being on hand.
- Deletions are documented through the MDCC Board Minutes, deletion reports and in the case of stolen items, by the MDCC Police incident reports. There is also accountability on the movement of equipment between locations. The tracking of equipment is accomplished with relocation forms signed by the appropriate instructor, staff member, department chair or supervisor, and vice president.

I. Purchasing

Purchasing Procedures:

An employee making a purchasing request is required to complete the college's Requisition form. After receiving all appropriate signatures, the requisition is forwarded to the Business Office. Once approved by the Vice President of Business Services, a purchase order will be issued.

The Business Office retains one copy of the purchase order and two copies are returned to the requester. The requester will retain one copy and will submit the second copy to the vendor with their order.

Any purchases over \$75,000 will be made from the lowest or best bid after the college has advertised for competitive sealed bids. Competitive sealed bids are advertised once a week for two consecutive weeks in a local newspaper.

See the Business Office Manual for further purchasing procedures and requirements.

Bids will be accepted at a designated, published time in an open meeting by a committee of college staff. Bids will be logged, opened, and recorded on bid tabulation sheets by the committee. Bids may be reviewed by appropriate staff to determine adherence to bid specifications. The committee will provide the bid results to the Board of Trustees at the next regularly scheduled board meeting of the Board of Trustees. The Board of Trustees will review the bids to determine which bid, the lowest or best bid, will be approved. However, the Board reserves the right to reject all bids..

M. Risk Management

MDCC has a comprehensive risk management program that includes risk evaluation, risk avoidance, and insurance. For details on risk management, contact the Office of Human Resources.

N. Auxiliary Enterprises/Funds

MDCC has only one auxiliary enterprise, Sodexo, the food service provider that is contracted out, but MDCC has four auxiliary funds: food services, student housing, faculty housing, and the bookstore.

The activities are operated in a fiscally responsible manner and are documented. Cash registers are utilized, daily tapes maintained, and monies balanced. The monies are again balanced, locked in a vault, and deposited the next day. Expenses are controlled through the business office.

O. Externally Funded Grants and Contracts

MDCC uses externally funded grants and contracts to serve its students and community. Coordination of all externally funded grants and contracts is the responsibility of the President. Activities associated with the grant/contract application process are part of the institutional planning process and directly related to specific goals of the strategic plan. All grant proposals are submitted to the President for approval to ensure their relation to the goals of the college.

Externally funded grants and contracts are to be secured under the following conditions:

1. The mission and goals of the grant or contract must be directly related to the purposes of the college.
2. To maintain an appropriate balance between the activities required by participating in grants and contracts and those required by instruction, persons employed by the college, who are associated with an externally funded grant and contract, will carry out their responsibilities according to the mission and goals of the college and the stated conditions of the grant or contract as long as these conditions do not conflict with existing college policy.
3. Oversight and control of all grants and/or contracts are the responsibility of the college.
4. ADDENDUM – Job Classifications

As a general matter, the classification of a position will dictate the eligibility of the employee who holds that position for benefits purposes and the anticipated duration of the position.

Full-Time Employee

Full-time employees are hired to work the College's normal, full-time work week on a regular basis. Such employees may be exempt or nonexempt as defined below. Full-time employees are eligible for time off benefits and insurance benefits, as described in this Policies and Procedures Manual. Employees may be hired to work full-time but for on a limited term basis (i.e., not a renewable employment appointment).

Part-time employees are hired to work 19.5 hours per week on a regular basis. Such employees may be exempt or nonexempt as defined below. Part-time employees are not eligible to participate in the benefits or leave program of the College.

Temporary employees are those hired to complete a specific project or hired for a limited period of time (no more than 4 and ½ months in accordance with PERS policy) with the understanding that this employment will be terminated upon completion of the assignment or at the end of the specified period of time. Temporary employees are not eligible to participate in the benefits or leave program of the College. Additionally, all employees hired for less than 20 hours of work per week are considered temporary regardless of the duration of their employment.
